

U. C. GO-ES ARE BRANDED AS CHEATERS

Two Girls Reprimanded in Public for Conduct Which, It Is Said, Tends to Give University a Bad Name

Punishment Administered by Miss Olive Presler After She Got Command From Him, President Declares

BERKELEY, April 27.—For the first time in the history of the University of California, two women students have been publicly punished for alleged cheating in classes.

That the punishment was administered by Miss Olive Presler, chairman of the Women's Student Affairs committee, on express orders from President David P. Barrows, became known today with the publishing of an editorial in the Daily Californian, attacking the women's leader for her action.

The students punished are both enrolled in history classes conducted by Professor Charles M. Chapman. Both were called up before the Women's Student Affairs committee to explain alleged cheating activities. Lack of evidence against the two women would have caused a dismissal of the charges.

"GREAT IN DISCRETION," MENTIONED IN REPORT.

However, according to Miss Presler, in a report to the president she had mentioned the two women's punishment because "of the great discretion of their conduct."

Acting on orders from Dr. Barrows, Miss Presler then visited the classrooms of the two students and administered a public reprimand in the presence of a large number of other students. According to the members of the Women's Student Affairs committee, the actions of the girls in their classrooms were so conspicuous as to "arouse the whole class to comment and indignation." If their actions had been allowed to go unpunished, declare the women, "the university would have been placed in a position of countenancing cheating in college work."

MISS PRESLER IS DEFENDED BY BARROWS.

President Barrows this morning came to the defense of Miss Presler and her associates following an editorial by C. C. Wakefield, editor of the Daily Californian, attacking the Women's Student Affairs committee for "publicly throwing mud in the face of another's reputation."

The following letter was sent to Wakefield by Dr. Barrows in answer to the editorial:

"In view of your editorial appearing in the Daily Californian this morning, I am obliged to you if you will print in tomorrow's issue of the Californian that the reprimand administered by the chairman of the Women's Student Affairs committee to the two women students, in the presence of a history class was done by specific direction of the president of the university."

Other than the letter Dr. Barrows refused to comment on his action, declaring that the whole matter was in the hands of the women's committee.

PRECEDENT IS SET BY BARROWS' ACTION.

This is the first time in the history of student self government on the campus that a president of the university has ordered a public chastisement of students. The names of the two women students, who are custom with all affairs of this kind, have not been disclosed.

In his editorial attacking the Women's Student Affairs Committee, Wakefield says:

"We find it hard to justify the administering of a public reprimand to two college women in a class in History 189 last Monday. We feel that the campus should take this 'bawling out' of individuals by another student as a direct affront to long-standing tradition and to the unwritten laws of the student body."

"We grant that there was evidence to justify the chairman of the Women's Student Affairs Committee in being certain that some punishment was necessary. But she by no means had any right to adopt a punishment of which the only effect was to drag their names into disrepute."

THROWING MUD-AT REPUTATIONS SCORED.

"For eighteen years the Student Affairs Committee have been household tribunals in which matters were adjusted and punishment given out so as to protect the reputation of every student. We do not want any more of these tribunals where women here branded as inferiors. No students should get up before others and publicly throw mud in the face of another's reputation."

"The women who are responsible for this gross turning of the first principle of punishment under student government did so knowingly and with full disapproval of the Men's Student Affairs Committee, who feels the same as we do upon the point."

"We consider this action as an astonishing affront to the ideas of California spirit. It is an inexcusable departure from the unwritten law of student government and a move that should be stamped completely out, once and for all time."

Other members of the Women's Student Affairs Committee, which presented the problem of the two women to Dr. Barrows, are Miss Margaret McConne, Frances Bartlett, Josephine Hankle and Lois Brock.

THREE MINUTE TALES

A DIP IN HISTORICS

THE Nipper had few of the attributes of a gentleman and none of those qualities that make for popularity, and yet he was one of the most sought-after of the younger set. There was scarcely a policeman in town who would not pick him up on sight and the Nipper knew it. That is the reason that he sidled into Judkins Grill after the manner of a cat when forced to make his grunge in a dog-infested alley.

The Nipper took a seat where he could look up the street and where a mirror gave him a view of the sidewalk across. He was busy planning on how he was going to get out of town, the means of transportation best fitting his financial status, and where he was going. When Saline, the decorative waitress at the Judkins six-table establishment, came to take his order, the Nipper scolded her, as she admitted afterwards, almost hysterically.

For the Nipper was peaking through a small hole in his sleeve, and he saw in the street, "Saline," he said, "you're a friend of mine. Now all you got to do is keep right on fusing about and askin' no questions. I don't want to hear of it. If I do, clear off the dishes quick. Remember, don't say a word."

The two men approached the restaurant and the Nipper acted. What he did was to drop his sleeve, and he saw in the street, "Saline," he said, "you're a friend of mine. Now all you got to do is keep right on fusing about and askin' no questions. I don't want to hear of it. If I do, clear off the dishes quick. Remember, don't say a word."

"I'm from the union," said the Nipper. "Must important meeting on strike call called and they want you right away." The Nipper took a bewildered look at the man and started to get up, but he was held back by the man who said, "I'm delegated to watch the place until you get back. Make it short."

The cook looked at the Nipper above a pair of steamy thick glasses and then at a carving knife on the table. The Nipper was already busy rubbing the stove top with a wad of newspaper. Taking his coat from a nail, the cook departed by the back door. The Nipper glanced into the dining room and saw that the two phantoms were still there.

"There was a man in here," she was saying, "but he left. Maybe he was the party you were waiting for."

Then one of the men stuck his head in the little kitchen, gave the aproned back of the Nipper a glance and with his companion left the place. The Nipper cut himself a piece of pie, put it in the bag, and with his pockets, and drank a bottle of milk.

"I'll give 'em time to walk a block and then slip out," he thought, "and in the luck holds out on my way in an hour." Then the Nipper smiled and realized the rare sensation of an actor who has read his role unusually well. He wanted an afterglow. His dip in histrionics, he felt, was worthy of applause.

"I guess that was good," he asked himself as he peeked out at Sally. "I'll bet she's fooled. The trick went out the back way. Wonder."

But another man came in and growled a hurried order.

"Fry two," sang Sally and the Nipper rattled a pan.

"The Nipper," Sally decided. The Nipper as he peeled his apron, "and yet I wish somebody had seen me pull this little act. It's as good as a show."

"AND where is the Nipper now?" I asked when I had heard a part of the yarn from Sally. "Did he get away, and did he turn straight and get a job in vaudeville? That I, as a reporter, would meet the poetic requirements."

"The Nipper," Sally replied impressively, "ain't no poet, and besides he made a bad break. You see, the cook he chased out, and the Nipper here, he can't belong to no unions. Just as the Nipper was in here reaping the whole performance for my benefit, in comes Judkins with a cop."

"Judkins are bounder," said Judkins in the funny way he talks, "is a bally loonatic, and he thinks he owns the place." "And they pinched him?"

"Sure, and as he left, the Nipper turns to me and says, 'Sally, me girl, don't you never embark on no artistic career.' I asks you now, what did he mean by that?"

ARRESTS IN K. K. PROBE HELD NEAR

Warrants for Many Alleged to be in Preparation; List of 1013 Los Angeles Klan Members Found in Raid

Indictments at Bakersfield Also Expected; New Light Shed on Operations of Knights, Officers Assert

LOS ANGELES, April 27.—(By International News Service.)—Ten men identified as members of the masked mob that staged the Ingewood raid last Saturday night, charged to the Ku Klux Klan, were expected to be arrested today on secret warrants in the hands of operatives of the district attorney's office.

It was announced today that District Attorney Thomas L. Woolwine had obtained a partial list of Los Angeles Klansmen. This list named 1913 men of the city as members of the "invisible empire." Making an all-night automobile race to this city, District Attorney J. L. Dorsey of Bakersfield conferred with Woolwine, and the probe was widened to include the activities of the Klan in Kern county.

Evidence presented to Dorsey by Woolwine, it was announced, will be rushed back to Bakersfield for making indictments at length. This includes the names of Bakersfield Klansmen, whom Dorsey said had been under suspicion as responsible for night raids near there. Indictments by the Kern county grand jury were expected within a few days.

N. A. Baker, who was alleged to have led the Ingewood night riders, went to the district attorney's office and was questioned at length. He was accompanied by Attorney Dorr, Grand Goblin W. S. Coburn, and Kiegle W. D. Price.

LOS ANGELES, April 27.—Warrants for arrests of scores of supposed members of the Ku Klux Klan were reported to be in preparation today as the district attorney's staff scoured the official membership roster and the list of candidates for membership in Los Angeles county.

The lists, with other official data pertaining to Klan activities in California, and four adjoining states, were sent to the raid upon headquarters of Grand Goblin Coburn and King Kiegle Price here last night.

The raid, conducted by a dozen officers under the leadership of Sheriff J. Edgar, suggested that the Klan was active in the region today. Coburn had formally refused to deliver the records and files to District Attorney T. L. Woolwine.

Coburn's refusal was accompanied with a statement that the Klan decided to co-operate with the district attorney in the probe of the "personal attitude" of Deputy District Attorney W. C. Doran in the matter.

Woolwine's answer to Coburn was the forcible seizure of all files and records at Klan headquarters in the Hack building.

Coburn and Price made no effort to resist the raiding officers. They sent for legal counsel and watched the ransacking process in silence.

Members of the Klan were desired. Deputy District Attorney Doran said, in order to positively identify as members of the Ku Klux Klan numerous men known to the prosecutor's office to have participated in the Ingewood episode.

The regularly scheduled meeting of the local Klan was held here last night, despite the day's disturbing developments. The session, which was held in a private hall, was well attended. Kiegle Nathan Baker was said to have presided.

Two deputy sheriffs, who had been naturalized as Klansmen recently, sent in their resignations to the local Klan here and informed Sheriff W. J. Traeger today that they had gone into the organization in the belief that "it was fit for true Americans, but were now resigning."

LOS ANGELES, April 27.—The "invisible empire" has been rendered conspicuously visible. It was declared at the district attorney's office early today after a preliminary inspection of articles seized last night when agents of the district attorney and deputy sheriffs successfully raided the Los Angeles offices of the Ku Klux Klan.

Walter E. Mosher, deputy county judge, a member of the Ingewood raiding party, was to be arraigned this morning on complaint charging assault with intent to commit murder.

BAIL FURNISHED BY BANK HEAD.

He was arrested at his Ingewood home late last night and released on bonds of \$10,000, provided through a certified check for \$10,000, bearing the signature of W. C. Brown, president of the First National Bank of Ingewood.

A similar complaint was issued against Leonard Ruigs, deputy sheriff, and member of the raiding party.

Monkey Ancestry Row Leads Bryan To Term Savant "Craven Evader"

Commoner Applies Epithet to Darwin Champion and Gives Him \$100

By ASSOCIATED PRESS, LEASED WIRE TO TRIBUNE.

MORGANTOWN, W. Va., April 27.—William Jennings Bryan has sent a check for \$100 to Dr. R. C. Spangler, professor of botany in West Virginia university, as reward for answering certain questions on evolution put by Bryan in a recent address here.

Dr. Spangler is undecided whether he will accept the money because Bryan took the position he had proved nothing, and in the letter accompanying the check declared that "it is worth \$100 to me to see a college professor guilty of cowardly evasion."

Bryan's challenge was to any university professor who could harmonize the Bible and the principles of evolution, and Dr. Spangler, under the task, claiming the reward. The letter carrying the check to Dr. Spangler was addressed to Rev. W. O. Baylor of Morgantown, and said, in part:

"Mr. Spangler's letter does not answer a single question that I asked. I asked that any believer in the Darwinian hypothesis, applicable to man, would write out a statement of his belief of the Bible doctrines, which, in my judgment, are inconsistent with Darwinism. Spangler's letter means nothing. He tried to make it appear that evolution is consistent with the Bible, which evolutionists do not as a rule believe. I am not willing, however, that he should claim that I refused to pay the \$100. It is worth \$100 to me to see a college professor guilty of cowardly evasion, and you will please give him the check and at the same time make him to answer the questions which I enclosed."

Enclosed were five questions, the first of which read: "Are you willing to put in writing and sign a statement declaring that you believe you are the descendant of an ape?"

Spangler said today he had not decided whether he would keep the \$100, but he would refuse to sign the statement which he described as being no part of Bryan's original offer.

ONE FRIEND OF GRANT REMAINS.

Though thousands gathered here to participate in the celebration of General Grant's birthday, but few are able to say they knew Grant personally. Only one such person now lives in this vicinity. He is William Forrester, Civil War veteran. He was assigned a place of honor near the speaking platform.

TRIBUTE PAID TO GREAT LEADER.

Harding paid tribute to Grant as "the military hero of the republic, a commanding figure in the military history of the world, the surpassing example of the American soldier, the most striking example of the possibilities in American life, the confident and relentless commander in war and the modest and sympathetic petitioner for peace."

It is fifty-seven years since Grant garlanded victory with magnanimity. It is thirty-seven years since he laid down the wearyed autobiographer's pen and his fame has only grown. His fame is secure. The republic has not forgotten and will not forget.

"What of the republic itself? It will not be unseemly to say that America, example and American civilization of justice and liberty since then have influenced the world little less significantly than Grant's service to the Union shaped the course of our land."

"A course of our republics have unfurled their flags and democracy has opened new avenues of liberty and made justice more secure. Civilization meanwhile has made such advances that there has seemed a divine way of progress and yet that very civilization, more advancing than entrenched, was threatened by the world war, and in war's aftermath established order has been assaulted and revolution has threatened throughout the world."

ENEMIES WITHIN MENACE NATION.

"In our own land the enemies within have been more threatening than those without. Greed and anarchy have menaced. But a calm survey gives every reassurance. Twenty centuries of civilization could not have been built on foundations which are false. A century and a half of gratifying American achievement dates from the new government of our fathers, and their firm structure was preserved by the patriots whom Grant commanded, and will be held secure by the patriotic citizenship of the republic today and the grateful Americans of the morrow."

PRESIDENT GIVES PRAISE TO GRANT

Harding at Great Civil War Leader's Birthplace Reads Lessons of Charity From His Life; Patriotic Appeal

Duty to Protect Heritage of the Nation Pointed Out; Crowds Gather to Pay Tribute to the War Hero

POINT PLEASANT, O., April 27.—(By the Associated Press.)—The nation turned today to the little hamlet situated at the base of the hills overlooking the Ohio river to celebrate the one hundredth birthday of Ulysses S. Grant.

By the river from Cincinnati came a flotilla of river craft, bringing the President, his wife, congressmen, high national officials, military men, state officials, men prominent in civil life, and hundreds of other citizens. It moved at the landing, and for the first time, though the little village gave to the nation a president, it was honored with the presence of the President of the United States.

After viewing the place where General Grant was born—only the lean-to of which still remains, the house proper having been removed to Columbus, Ohio, where it is being restored—President Harding delivered an address near the site of the Grant home. Sound amplifiers made the President's voice audible to all in the village and to crowds in Cincinnati, thirty miles away.

PAO TING FU, China, April 27.—General Wu Pei Fu today opened a drive on Peking, directing personally the 30,000 soldiers comprising his forces.

Wu's forces are marching north from Liu Li Ho, twenty-five miles south of Peking, toward Chang Shien Tien, where the front lines of General Chang Tso-Lin's forces are located, twelve miles south of Peking.

Chang practically controls Peking and the first step of Wu's campaign was to wrest this control from the northern war lord.

Madame Wu Pei Fu, who accompanied her husband to his new field headquarters here, has advised her husband's cause with the people of Pao Ting Fu by mingling with them.

Today Madame Wu carried out the traditional ceremony of offering incense at a temple honoring the success of her husband's expedition.

Plan on Foot to Extend Navy Cut To Latin Powers

By A. L. BRADFORD, United Press Staff Correspondent (Copyright, 1922, by United Press) WASHINGTON, April 27.—First steps have been taken to extend limitation of armament to Latin America, it was learned authoritatively today.

An agreement between the republics from the Rio Grande to Cape Horn to limit armament is about to be proposed by Chile and already the plan has been informally discussed. The Chilean proposal is that the question of limitation of armament be taken up at the fifth Pan-American conference, to be held at Santiago next March.

If this proposal is approved, the Santiago conference will be in effect another disarmament conference.

VENGEANCE SMASH AT WARSAW

By Bolsheviki Feared in Allied Circles; More War Talk Than Peace at Meet

GENOA, April 27.—(By United Press.)—Germany will formally support Lloyd George's plan for a pact of non-aggression. Walter Rathenau, head of the German delegation to the economic conference, declared in an address to the world press this afternoon.

By S. D. WEXLER, International News Service Staff Correspondent.

GENOA, April 27.—Under the shadow of the grave pronouncement by Lloyd George regarding the threatening state of European relations, a last desperate effort was made today to salvage the Russian debt question which has disrupted the Genoa economic conference. Called to elench peace by the forty-eight divisions, the conference today had become more notable for its war-like pronouncements than for any progress toward peace.

Attention was centered today upon the fact that Russia has no less than forty-eight divisions concentrated upon the Polish border. The Russo-Polish friction, due to Poland's alignment with the allies in the present controversy, has been one of apparently unimportant factors in quibbling. But the question must be judged by its future possibilities.

LOOMS AS A NEW MENACE TO EUROPE.

It looms as a new menace to the peace of Europe. The soviet continues its efforts to force Poland definitely to join the colors one way or another.

If France marches upon the Ruhr May 1 as threatened by Premier Poincare, observers here consider it probable that Russia will seize the opportunity created by the Polish crisis's preoccupation with Rithenau's military operations for a war of vengeance against Poland.

Premier Lloyd George, the International News Service learns, is considering sending a delegation to the conference beginning Monday to open "with a view to giving the world clear understanding of the responsibility for obstructive tactics."

This is considered likely to be bitterly fought by France, which recently declared for pre-war diplomatic methods.

LOYD GEORGE BUSY ON NON-AGGRESSION PACT.

Lloyd George, according to announcement from his villa, does not intend leaving Genoa for at least a fortnight. He wants to stay until the broad outlines of the proposed pact pledging European nations against aggression for a period of ten years has been worked out.

The first French reaction since it became apparent the British probably would sidetrack the unsolvable Russian puzzle for the broader question of European accord, has been statements from French delegates demanding that any such pact be backed by "sanctions." This constitutes a revival in a new form of the three-year French campaign for binding France the fruits of the Versailles treaty and guard her against a war of revenge.

Lloyd George Sees Peril For U. S. in Europe Rows

GENOA, April 27.—(By the Associated Press.)—Premier Lloyd George drew an alarmist picture of Europe last night. In addressing the British and American press representatives, he declared that the object at Genoa was to clear up political difficulties, which were full of menace.

He compared Europe to seething racial lava, which, like the earth's crust, was seeking a proper level. This adjustment was full of peril. He emphasized that Europe must take cognizance of hungry Russia, which would be equipped by an angry Germany.

"The world must recognize the fact," he said, "that Russia and Germany combined contain over two-thirds of the people of Europe. Their voice will be heard and the Russo-German treaty is the first warning of it."

As proof of the danger, he cited the fact that there was no frontier line from the Baltic to the Black Sea, including the Rumanian, Galician, Polish and Lithuanian frontiers, which had been accepted.

"I wish America were here," he explained. "Some people think we want the United States for some selfish purpose. This is not true. We want America because she exercises a peculiar authority; her very aloofness gives her the right to speak."

"America could exercise an influence no other country could com-

mand. She could come here free and disentangled with the prestige which comes from her independent position. She would come with the voice of peace. But America is not here; so Europe must do her best to solve the problems in her own way."

Lloyd George gave it as his opinion that the disorganization of Europe would affect the entire world, including the United States. He was amazed at people who ignored the portentous fact facing Europe today.

Unless Europe reorganized—in other words, unless the Genoa conference succeeded in arranging a pact of peace—there was no confidence that in his own life, certainly in the life of the younger men present, Europe would again welter in blood.

"We triumphed in the war," he said, "but our triumph will not last forever. If our victory develops into oppression, vengeance will follow, just as Germany's action which started the world war was followed by vengeance."

"We must be just and equitable and show strength; we must realize that Europe is not on good terms with the storms arising which we must deal with. We had hoped that the end of the great war would be the end of brute force, but unless Europe's problems are solved there is no assurance that force has given way to right."

FORTY MILLIONS SAVED BY ARMY, WEEKS ASSERTS

Secretary Sends Senate Report on Economics He Has Effected.

WASHINGTON, April 27.—Secretary Weeks sent the Senate military committee today a "hastily prepared" report of economies inaugurated during his administration in the War Department, showing a total saving of \$40,000,000. The report was made in response to a request of the committee.

"It is very apparent, however," Weeks said, "that many economies which have been instituted have resulted in savings which cannot be crystallized into actual amounts—policies which are permanent in their character and the result of which will continue to be reflected in reducing the expenditures for the operation of the army."

Among the economy measures listed was elimination of certain annual reports and filing methods in the secretary's office resulting in savings of \$50,000. Weeks set down \$750,000 as saved by curtailing in activities of the adjutant general's office; \$450,000 in the signal corps through curtailment of telephone activities; \$190,000 in the quartermaster corps through various curtailments and reorganizations; \$400,000 in the air service through numerous measures including remodeling of otherwise obsolete planes; \$534,000 in the ordnance department through limitation of repairs at permanent stations; \$354,000 in the chemical warfare service through consolidation of activities and savings in rentals and overhead; \$330,000 in the militia bureau by scaling down the National Guard equipment; and careful study of rifle range proposals, and \$848,240 through consolidation and wage readjustments under the inland and coastwise waterways service.

RECRUITING CUT

Other items noted were savings of \$7,000,000 in general administration by "confining recruiting activities to establish posts and discontinuing all intensive recruiting" and by other means \$800,000 in "replacing appropriations," "strict oversight of expenditures under this head" and "disapproval of projects except when absolutely needed for efficient operation of the army."

There is not a fair prospect of saving the entire amount, something more than \$5,000,000 involving amounts from various appropriations. A saving of \$175,000 in annual Civil expenses was reported due to reorganization, and reduction in personnel from 17,000 to 11,000.

Weeks added that the statement did not include amounts due the government from operation of the "contract audit" or savings from transfer of surplus supplies.

"In many instances," he said, "these savings have been made at a sacrifice of conveniences and comforts to the army personnel."

American Domestic Is Prelate of Pope

PEORIA, Ill., April 26.—Bishop Edmund M. Dunne of Peoria today announced that Cardinal Gasparri, papal secretary of state, has officially informed him of the appointment by Pope Pius XI, March 27, 1922, of Monsignor Henry A. O'Kelly of Streator, Ill., to be domestic prelate of his holiness.

WORKERS IN DEMAND. MADISON, Wis., April 27.—Public employment offices are having trouble in filling the demand for skilled workers in a number of trades, and for common labor in some sections of the state, the industrial commission reported today. Molders, machinists and quarrymen are said to be generally in demand.

COOKING ERRORS SHOWN IN SHOP, WIFE CHARGES

If a wife is not a good cook that is no reason why you should display the scrambled eggs she

cooks to the customers in your grocery store.

That is the belief of Mrs. Mary V. Prioste, who today filed suit for separate maintenance against J. F. Prioste, citing the scrambled egg instance as one of many alleged cruelties.

She asked for \$300 a month for the support of their five minor

children and asked an injunction restraining her husband from disposing of community property valued at \$50,000.

Prioste conducts a grocery store in Hayward. They married in 1901.

The connecting link with the outside world

TO many of the fur traders and trappers living in the northernmost parts of the Western Hemisphere our ships are the connecting link with the outside world. The ship's arrival every Spring, bringing the necessities—and some of the luxuries—of life, and news of current happenings, is the looked for event of the year.

It is these far-north Liebes trading stations that make possible the fine quality—the richness and beauty—of the furs we carry; for "the colder the climate, the finer the pelt."

Indiana Man Made Templar Head

NEW ORLEANS, La., April 27.—Leonidas P. Newby, of Knightstown, Ind., was today elected most excellent grand master of the Knights Templars order in the United States at the thirty-fifth triennial convocation here. No decision has been reached as to the next convention city.

Newby, who has been active in Masonic affairs for many years, was born on a farm in Henry county, Indiana, April 9, 1866, and has lived in Knightstown, Ind., since 1872. He has held various public offices as a Republican, serving as president of the state senate eight years and as acting lieutenant governor four years. He has been an officer of banks in Indianapolis and elsewhere, and director in sixteen corporations.

Newby married Miss Mary Elizabeth Breckinridge in 1876. They have a son and a daughter.

Seattle was awarded the thirty-sixth triennial convocation of the grand encampment of Knights Templar of the United States in 1925, winning today after a spirited contest with Indianapolis.

Pioneer Oakland Woman Passes On

Mrs. Catherine Walsh, pioneer West Oakland resident, widow of the late John Walsh, Civil War veteran and match manufacturer, died at her home, 1374 Eighteenth street, last night. Mrs. Walsh was one of the city's early residents, having arrived from Boston 55 years ago.

The funeral will be held Saturday morning from the residence of her daughter, Mrs. E. J. Lenoir, 1581 Union street, thence to St. Patrick's church at Tenth and Peralta streets.

Mrs. Walsh is survived by seven grown children, including Harry S. Walsh, employe of the Board of Supervisors; Robert J. Walsh, of City Commissioner Edwards' department, and Joseph W. Walsh, of the Southern Pacific company. She was 75 years of age.

Arrest Results in \$10,000 Damage Suit

SAN FRANCISCO, April 27.—Jack Nesbitt, a bond salesman, and his wife, Vera, today filed suit in the Superior court for \$10,000 damages against R. I. Bennett and several members of the latter's family, asking \$10,000 damages for alleged false imprisonment. On April 7, following a dispute in Bennett's room in the downtown hotel the Nesbitts charge they were arrested, taken to prison and kept there one day. Nesbitt declares that his reputation has been ruined and his wife suffered a nervous breakdown necessitating her removal to a hospital.

\$41,000 Award to U. C. Man Confirmed

SACRAMENTO, April 27.—The third district court of appeals today affirmed the judgment of the Tulare county superior court in awarding Gus Riley, 21, damages to the extent of \$41,000 for the loss of both legs in a railroad accident in Berkeley several years ago.

Riley was a student at the University of California. The suit was brought against the United States railroad administration.

Giant Skeleton Is

Found in Argentina

BUENOS AIRES, April 27.—In the midst of the popular interest in the report that some monster of prehistoric species has been seen alive in Patagonia, workmen near the town of Las Rosas in the northern province of Santa Fe have accidentally excavated fossilized parts of the skeleton of what was evidently a pleistocene mammoth.

The newspapers publish a photograph of a section of a tusk three feet and one inch long and two inches in diameter at its thickest point.

The bones are being brought to the Museum of Natural History at La Plata, where there are many prehistoric skeletons of animals of the geologic epochs found in Argentina.

Grand Prix Winner

Real Meal Ticket

NICE, France, April 27.—Senorita de Ussia, the 17-year-old daughter of the Marquis de Aldama of Spain, whose horse, Viburnum, won the Grand Prix de Nice this spring, paid 60,000 francs for the horse last fall. The first time out she brought her purse of 100,000 francs.

A Spanish owner, a Belgian trainer, an American jockey and a French horse are a hard combination to beat, the senorita said when her friends congratulated her.

Frank O'Neill of St. Louis rode Viburnum.

party, but it was not served because of his physical condition. It was arranged to keep him under guard at the hospital where he is a patient.

Both Mosher and Ruigg, as well as the former's father, Constable Medford B. Mosher, who was killed in the raid, were shot by Frank Woerner, night marshal of Inglewood, when the three, masked and armed, shot at him.

Grand Goblin W. S. Coburn, according to a statement newspapermen obtained from him recently, as local boss of the plan "investigate" a judge and jury of the Los Angeles county superior court after he had received a report that they had done an injustice to a woman.

It was the woman herself who reported the matter to Coburn, he said, but "after the investigation was completed I found that nothing had been brought out that called for a coat of tar and feathers," he stated.

Klan Operations Probed in Kern

BAKERSFIELD, April 27.—The list of Kern county members of the Ku Klux Klan, obtained in Los Angeles, will be used in the grand jury probe of the K. K. K., provided the Los Angeles authorities will furnish him with it. District Attorney J. R. Dorsey said last night.

Dorsey said he was "very glad the list had been obtained, and would do everything to make the best possible use of it."

The grand jury, which was in session all day yesterday, continued its sessions today. John N. Pyles, Bakersfield detective, who was attacked by a masked gang near Maricopa more than a week ago, was the principal witness before the grand jury. Pyles carried into the room a voluminous report showing the result of investigations made by him and operatives from his office.

It was also announced tonight by Dorsey that he would present to the board of supervisors an ordinance which will make it a misdemeanor for any person to wear a mask or disguise of any kind. The Bakersfield city council will be asked to pass a similar ordinance, as well as the trustees of other cities and towns in the county, so that the law will be county-wide, he said.

Capital Pays Tribute To Grant's Memory

WASHINGTON, April 27.—The machinery of government was halted today by executive order of President Harding in order that thousands of Federal employees and officials might do honor to the memory of General Ulysses S. Grant at the dedication of the bronze memorial in the Botanic Gardens on the centenary of the birth of the great Union soldier and president. At the same time the memorial services were being held here, President Harding was participating in similar exercises at Point Pleasant, Ohio, Grant's birthplace.

WOMAN FASTING TO GAIN HEALTH KILLED BY CURE

NEW YORK, April 27.—Miss Ida Pepe, 35, Bronx milliner, died in a hospital last night of starvation as the result, police declared, of a self-imposed fast over a period of eight months which she believed would cure her of stomach trouble.

Miss Pepe, police said, began fasting on the recommendation of a physician and, though she slowly lost weight and strength, maintained her faith in the treatment. For long periods of time she ate nothing and drank only water and orange juice. Last Sunday she was removed to the hospital in a state of coma and died after futile efforts of physicians to revive her.

homage to the memory of General Grant. Cadets from West Point, regular soldiers, marines and sailors stationed in Washington, members of the Loyal Legion and veterans of the Civil war, the Spanish-American war, the World war and other foreign wars, as well as representatives of patriotic societies were in the line of march.

Vice-president Coolidge and Secretary Weeks were on the program for the principal addresses, while Chief Justice Taft and all associate justices of the Supreme Court, members of the congress and other high officials of the government were present.

The unveiling was by Princess Cantacuzene, grand-daughter, and Princess Ida Cantacuzene, great-grand-daughter of General Grant. At the head of the parade rode Major General John A. Clem, selected to be marshal in place of Lieutenant-General Nelson A. Miles, who is ill.

New Break in Louisiana Levees Endangers Lives of Thousands.

BY UNITED PRESS

DALLAS, Texas, April 27.—With eight bodies recovered, fifty persons missing and close to five thousand homeless in North Central Texas, flood waters were receding in most parts of the state today.

The property damage will probably reach \$3,000,000. The greatest loss in property was at Fort Worth, where the damage will total more than \$1,000,000.

SHREVEPORT, La., April 27.—Several persons were killed and a number of small homes were washed from their foundations when the Bonita creek at Nacogdoches, Texas, 75 miles southwest of here, went over its banks last night, flooding the lowlands, according to a telephone message received today.

NEW ORLEANS, La., April 27.—Ten thousand people are homeless and sixty thousand to seventy thousand acres of valuable farming lands are being inundated today as the result of a four-hundred foot crevasse in the Mississippi levee at range from \$445 to \$20,000.

SCIENCE PROVES VALLEY MURDER

BERKELEY, April 27.—The ashes found in a box near Yosemite Falls are those of a woman between 25 and 45, who was murdered, the police determined today.

The announcement followed an analysis of the ashes, bones and teeth found in the box. Pieces of granite mixed with the ashes are being analyzed to determine the scene of the crime.

According to the report of Police John Larsen, Ph. D., and Dr. George Oulton, a Berkeley dentist, the reconstruction of the wisdom tooth determined the age and the analysis of the bones and ashes gave the sex.

The sex was further determined by the presence of a hook and eye in the ashes. The investigators decided that cremation had not been at a crematory, but that the body had been burned in the open.

Poydras, ten miles below this city. Thousands of refugees, according to reports reaching here, are fleeing to Shell Beach on Lake Borgne where boats are waiting.

VICKSBURG, Miss., April 27.—Hundreds of families were abandoning their homes in North Louisiana today following the Mississippi river levee break at Ferriday, La., according to reports here. Flood waters have already struck several small villages.

Illinois Woman to Run for Congress

CHICAGO, April 27.—"Hall the woman!" Tradition was completely disrupted in the history of Illinois politics with the filing of petitions of candidacy for Congressman-at-large by two women both of whom are mothers.

One of the new candidates is Mrs. Winifred Mason Huck. She seeks the office formerly held by her father, the late Congressman William E. Mason.

The other is Mrs. Mary Belle Spencer, Public Guardian of Cook county.

Mrs. Huck is the mother of four children.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets.

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under the eyes—pimples—a lillous look in your face—dark eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years. Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities. Dr. Edwards' Olive Tablets are known by the olive color, 10c and 50c.—Advertisement.

HEALTH LESSONS PROGRAM OPENED BY LOCAL BODY

Education Council to Teach
Physical Well Being to
Community.

The health education committee of the Public Health Center held its first meeting Tuesday night, forming the Health Education Council to help carry out the program of teaching physical well-being to the community.

Dr. Alvin Powell, director of the center, and chairman of the council, said it is the aim of the health center to teach health rather than to cure disease.

The newly-formed council will provide expert consultation on all problems and help to sponsor health programs in schools and industries; to organize special campaigns against certain diseases; to prepare and approve literature; and to organize lecture courses.

The personnel included: General committee, Dr. Harry Foster, city health officer of Oakland; Dr. E. H. Phe, Berkeley health officer; Dr. Arthur Hieronymus, Alameda health officer; Dr. F. H. Browning, Hayward health officer; Dr. Hal Cope, Pleasanton health officer; Dr. Herbert C. Morfitt, Dr. Howard Morrow, Dr. Jessica Pelkotte, Miss Lucy Stebbins, Dr. Guy S. Milberry.

Section committees: Industrial hygiene, Dr. Robert Legge; dental hygiene, Dr. H. J. Samuels; communicable diseases, Dr. William H. Strelman and Dr. John H. Force; laboratory, Dr. P. Kelly; sanitary, Professor Charles Gilman; food and drugs, Dr. Agnes Day Morgan, R. A. Leeto, Bruce Thillip; statistics, Dr. W. Leslie; public health nursing, Edith Bryant; school hygiene, Dr. Alvin Powell; D. E. Martin and Dr. Margaret Wythe; hygiene of mother and child, Dr. W. A. Woods, Dr. T. S. McCleave, Dr. Clifford Sweet, Dr. Arthur Bird and Dr. Anne Martin; social health activities, Mrs. F. C. Turner; publicity, J. H. Knowland; social hygiene, Dr. Edna Bailey and Dr. A. M. Meads.

Foreign Trade Meet To Be Held May 10-12

PHILADELPHIA, April 27.—The purpose this year of the Ninth National Foreign Trade Convention to be held here May 10 to 12 will be the placing of American prosperity on a permanent basis by stimulating and expanding the country's foreign trade, announcement has been made by officials in charge of the program.

One important policy to be advocated, they said, is that so far as possible, foreign loans shall be conditional upon all or a great part of their proceeds being spent for the purchase of American goods.

Delegates are bankers, shippers and business men, who will attend the meeting, will number more than 2000. A large number of these are expected from foreign countries as well as from all parts of the United States.

STARLIGHT

A NEW HERBERT.
Herbert Richardson warns Virginia against Theodore Stratton, saying Stratton is no better than the man who had annoyed her. The difference simply lay in their methods. Herb is determined to have Gloria leave Kitty Dalton and return.

For the life of me I could not continue the conversation as we rode back to the apartment. It had dawned on me suddenly, helped perhaps by Herb's remarks, that never had I felt quite the same toward any man as I did toward Theodore Stratton.

He had been so wonderful to me on the train when he thought I was just a little foolish girl. And tonight, when he saw that I needed his help, he was right on the spot. Herb could say what he pleased. No man could do the things that Theodore Stratton had done for me so easily and so gracefully without them coming from a kind heart and generous mind.

Herb's mind is saturated with the philosophy of those with whom he has been associating. What a rotten world it is when a man like Herb can come to the place where he suspects every other man.

As if answering my unspoken argument, Herb remarked: "I hope, Virginia, that you will forgive me for what you must think is maligning men in general."

"Well, Herb, you have rather smashed one of the traditions about men that had been firmly implanted in my mind."

"And what is that?"

"That men always stand together. That no matter what one man does, there will always be found some other man to make excuses for his foolishness."

"That idea has been exploded long ago. No man will stand up for another man when a woman, or her stainless reputation, is the pawn. Every man, my dear, will rush to rescue you or any other girl from the clutches of a brute like Brown. All men of any decency will save you always from every other man, but not always from the clutches of a fool like I am somewhat to blame for your annoyance at this evening."

"Why, not at all, Herb. You had to answer the phone. And it was reasonable to assume that I was being protected in a first class restaurant."

"Of course, but you must understand, Virginia, that my reputation has not been immaculate where pretty girls are concerned. Seeing you with me, Brown took it for granted he could take liberties with you."

"Do you mean you have blasted my reputation?" I said with a smile.

"I hope not, dear. But I must confess I did have a little selfish motive in dining with you. And as usual I did not take your position into account. I shall have to consult something beside my inclination from now on. I wish Rita was not so crazy to get me out of this scrape with Kitty Dalton and save my money. What does a little money mean? I don't believe I have a shred of reputation to save anyway. Sometimes I wish I hadn't a cent. It would have been better had I been compelled to work. I might have amounted to something then."

"Money is not only the root of all evil, but the bone of contention and the ax with which we expect to win all battles. Money disrupts families. It plants hardness in our hearts. It makes us crooked in our dealings and while by it we measure every

success that comes to human beings, yet it never brings any of us the real joy of living or any lasting happiness."

"Herb, have just learned what Gloria discovered in you. She saw you were better than the riff-raff with which you were trailing around."

"Don't flatter me little girl. All that I am, all that I will be (for I have determined to justify her faith in me), I owe to Gloria and it makes me feel as though I were doing the most selfish thing I have ever done in my life to keep our marriage secret. For once I do not agree with her."

"Well, here we are at your apartment. I'll send a man for your things in the morning if you will give me the address of your new home."

"That is very kind of you, Herb. And if you talk with Rita again in the morning be sure to tell her how deeply I am without her."

In the little apartment the loneliness I had mentioned to Herb enveloped me like a pall.

"I do not believe I can be alone," I said to myself and then I thought how lovely it would be if I could find someone like Alaud Sanson to share a bungalow with me. The idea, however, was so ridiculous that I laughed and the laughter soothed me to sleep.

To my surprise, when I arrived at the World-Wide studio the next morning I found that I was to wear my evening dress in a Chinatown street. This seemed strange until someone explained that the scenery would show the end of a hilarious party supposed to have taken place on New Year's Eve; or rather it would show the cold gray dawn of the morning after a Chinatown slumming expedition.

"I wonder when they will take the real party—when they will shoot the night scenes?" said someone near me.

"My heart grew cold! How could I be here for night scenes like this? I was on the set at the Kalsey studio. I determined that if necessary I would not report because I could not afford to give up the experience which would come to me when directed by the biggest man in Scenodrom."

Tomorrow—A Day's Work.

Clover Is Planted in Mexico; War on Dust

MEXICO CITY, April 27.—After years of experimenting in an effort to stop the dense clouds of dust which sweep down on Mexico City at certain regular periods, the Department of Agriculture has decided to plant clover and alfalfa in the bed of Lake Texcoco, a lake near the capital which has been dry for several years.

Agricultural experts believe well-cultivated verdure will invite moisture in greater quantities and will prevent the dust from rising in the driest seasons.

"Y" Camp for Boys Will Open June 13

RICHMOND, April 27.—The Richmond "Y" boys' camp will be opened June 13 in Lake County. The high school boys will have the first ten days at camp, after which the grammar school boys will have this opportunity.

Secretary V. D. Brammer, who is in charge of the camp, says there will be 75 boys in each camp. The expenses for ten days will be \$10 a boy, he declares.

Building a business on
high quality

You know perfectly well that the value of things you buy isn't in what somebody says about them; the man who bought the "gold brick" bought it on what somebody said. Quality isn't just a word; it's a fact; you don't get it in clothes unless it's there.

We built this business by selling clothes made by firms who make a business of putting quality in their merchandise—Hart Schaffner & Marx and Adler Collegian.

And we've held the business we built—season after season—by selling quality, trade-marked merchandise at lower prices than the downtown stores ask for unknown, non-trade-marked goods. We don't sell the unknown brands because our customers really don't want them. No "gold bricks" here.

PROCESS REFINES WASTE PRODUCTS OF OIL INDUSTRY

Apparatus Invented by Men in S. F. Office of U. S. Mines Bureau.

SAN FRANCISCO, April 27.—A process which, it is declared, will revolutionize the production of gasoline in California and which is expected to add ten billion gallons of gasoline to the present output of the California refineries, thus bringing down the price of gasoline materially, has been invented by C. P. Bowie and M. J. Gavin of the United States Bureau of Mines, San Francisco. The new process, which has been patented, is being conducted experiments with apparatus which they designate as an "oil cracking machine," at 746 Sansome street. They state that their process refines the so-called "waste" oil products, such as asphaltum, oil shale, oil waste, tar and below-grade oil, have been crowded with complete success.

A number of special tests were begun last night on oil testing 10 degrees of no value, which is being made into a 24 degree oil.

HOW MACHINE WORKS.

Bowie explained yesterday that his machine consists of a mixing apparatus which blends the oil with an inert material such as shale or sand, feeding it into a furnace or retort, where it is heated to 1000 degrees. Thereupon the oil is distilled out, and the carbon which is left is pushed out and carried away to be made into gas. Bowie states that the process takes 85 per cent of the oil out of the material, the rest being in residue carbon which is made into a gas furnishing fuel for the furnace.

Bowie states that thus far, in the cracking of oil-bearing materials, so much carbon has been formed in the machinery that plants had to shut down every twenty hours to clean it out. Bowie says his machine will run continuously, as the carbon is removed as soon as it is generated.

"WASTE" PRODUCES OIL.

Illustrating the perfection of the apparatus, Bowie showed how a stream of high-grade oil was pumped into the condenser into which was being fed discarded "waste" oil from one of the oil fields. Bowie stated that this oil can be refined by the ordinary refining process, yielding 20 per cent of gasoline, 30 per cent of kerosene and a residue of lubricating oil and fuel oil. He also declared that if all the material of the asphalt streets of San Francisco could pass through his apparatus it would furnish sufficient gasoline to run the city's automobiles for several days.

Bowie and Gavin have been experimenting for two or three years with a smaller machine than the one they are using now. Their present demonstrations are open to the general public.

The machine perfected by Bowie and Gavin becomes the property of the people, without patent, since both men are government employees.

Girl Drinks Poison Following Quarrel

SAN FRANCISCO, April 28.—Following a disagreement with her sweetheart at an early hour today, Miss Ethel Ferguson, a cafe entertainer, 25 years old, attempted to swallow the contents of a bottle of poison and was rushed in an ambulance to the Central emergency hospital.

Miss Ferguson was in her apartment, 453 Ellis street, with Irving Brown, who lives at the same building. The two quarreled and Brown left to go to his own room. He heard a gasp and returned, demanding admittance. Miss Ferguson would not open the door and climbing through the transom he found her on the floor with a bottle of poison in her hand. She was given treatment at the hospital and will recover.

\$1700 Diamond Ring Is Reported Stolen

SCORE HURT AS UNMANNED CAR LEAVES RAILS

BIRMINGHAM, Ala., April 27.—Twenty persons were injured, five seriously, here today, when a West End street car, unmanned, dashed down a steep grade, left the tracks and crashed into a trolley pole. At the top of the grade the motorman and conductor, in an attempt to close the front door, were thrown from the car and with the trolley controls wide open the car dashed down the hill grade, leaving the rails at a curve a block away. Of the 20 persons aboard the car only 10 escaped injury.

Belgians Increase Army in Germany

BRUSSELS, April 27.—(By the Associated Press.)—A number of Belgian soldiers on furlough, have been recalled, with the object of strengthening the occupation troops in Germany which, in view of recent incidents, are considered to be of insufficient strength. New arrangements are to be made in concert with the French.

There was another attack on a Belgian soldier at Aix-la-Chapelle, Tuesday, and Belgian public opinion is growing restive over what are considered intolerable daily outrages and in demanding more protection of the occupational troops.

AUTOIST ROBBED BY TWO THUGS IN ALTAMONT PASS

Motorist Is Forced to Give Up Money and Gas; Saves \$500 by Ruse.

Two unmasked, armed bandits operating in a small automobile held up E. C. Moran, San Francisco and Fresno business man, in Altamont Pass early today, robbed Moran of a small sum of money, a quantity of gasoline from his automobile and escaped, according to Moran's report to the sheriff's office.

A few minutes before being held up Moran became suspicious of the actions of the men and threw on the floor of his automobile a purse containing approximately \$500. The bandits did not discover it.

According to Moran, he was traveling through the pass when he observed a small automobile standing at one side of the highway. Two men were near the vehicle. As Moran approached they signaled him to stop. As he applied the brakes he threw his wallet on the

VALENTINO TO SPEAK AT FETE FOR WOUNDED

SAN FRANCISCO, April 27.—It was announced today that the first personal public appearance of Rudolph Valentino, the screen star, would be a feature of the civic program and built to be given at the Exposition Auditorium in San Francisco Friday evening, May 5. The affair will be held in connection with the second annual national convention of the Disabled Veterans of the World War.

Concert to Raise Funds For Veterans

SAN FRANCISCO, April 27.—A program by artists of the concert stage and players of musical comedy and vaudeville will be presented by the citizens committee Friday night, May 5, at the Exposition Auditorium to secure funds for the national convention of Disabled Veterans of the World War. The convention will be held in San Francisco, June 26 to 29.

The two men then searched their victim, obtaining \$3, removed a quantity of gasoline from his tank and then drove off.

Moran's home is in San Francisco.

STANFORD 'RUSH' CHANGE PLANNED

STANFORD UNIVERSITY, April 27.—Stanford fraternities are considering a plan which provides for an eight months' rushing period, instead of the thirteen-day system now used by the interfraternity conference. The new plan, known as the "May Pledging System," has been proposed by the San Francisco Alumni Interfraternity Conference. The Stanford Greek letter chapters will decide early next week whether they will adopt the new system.

Under the new system the rushing period will last eight months, with one pledge day under an interfraternity referee at the end of that period. It provides that freshmen may be pledged informally at any time after that date and that all other men students may be pledged informally to a fraternity at any time.

The system is in effect at Yale, Dartmouth and other eastern colleges. Thirteen of the twenty-three Stanford fraternities have unofficially approved of the plan.

ASKS \$5000 FOR DRAWING COSTING \$1.50

Suit to collect \$5000 insurance on a pen-and-ink drawing for which he paid \$1.50 was begun today by Lawrence Posnaz, furniture dealer of 2472 Shattuck avenue, Berkeley, before Superior Judge Joseph S. Koford. Posnaz told Judge Koford that he had insured the drawing, which is the work of E. D. Yansgelder of Amsterdam, Holland, for \$5000 against theft with Lloyds of London, through nearly a dozen San Francisco insurance brokers. Later it was stolen, he declared, and the insurers, whom he names as defendants, refused to pay his claim for \$5000.

Attorneys for the insurance companies pointed out to Judge Koford a clause in the insurance policy to the effect that the companies were liable only for the actual value of the drawing. Posnaz admitted on the witness stand that he had purchased the work of art for \$1.50 at an auction sale, after having offered 50 cents for it.

Cupid Has Busy Year in California

Nearly 94,000 persons in California married during the past year.

This is announced by the state board of health in the current issue of the weekly bulletin.

The report shows that 47,280 died, 72,000 were born, and 46,723 marriages were performed. The majority of deaths were caused by diseases of the circulatory system, with tuberculosis, cancer and Bright's disease claiming the greatest numbers in the order mentioned. The suicides were totaled at 982.

Worker Stabbed in Mysterious Attack

SAN FRANCISCO, April 28.—John Millato, a mechanic, was mysteriously stabbed by an unidentified man while standing at the curb at Columbus and Grant avenues early today. He was unable to give the police a description of his assailant. He was taken to the Harbor hospital and treated for wounds of the arm and hand. He could give no reason for the attack.

6000 TO MARCH IN BOYS' PARADE

The Rotary club committee of 100, meeting yesterday at Hotel Oakland, reported plans well in hand for Boys' Week, which opens next Monday.

The plan to include unorganized boys in the parade was abandoned at the suggestion of Mayor W. J. McCaughey and the school authorities, and none but school boys will appear in the procession. Nearly 6000 lads from the public and parochial schools have so far registered, and Mayor McCaughey said the number in the line will exceed 6000.

The week will open on Monday with Industries Day, all plans for which have been finished by William Harold Oliver, chairman. Oliver said boys will be taken on a tour of the industrial plants between 3 and 5 o'clock with guides to explain the workings of the factories.

The week will close on Sunday, May 7, when the day will be devoted to church services.

Chiropractor Raps Health Board Agent

SAN FRANCISCO, April 27. — Charges of improper conduct and high handed actions were made today by Dr. Raymond A. Shane,

chiropractor of 1026 Market street, against H. L. Henderson, operative of the State Medical Board, who arrested him yesterday on a warrant, charging violation of the Medical Practice Act. Dr. Shane appeared today before Police Judge Jacks with his attorney, Theodore Bell.

He declared that when Henderson appeared to arrest him he first questioned his women patients, then forced his way into a private room and started a woman who was disrobing behind a screen prior to a spinal adjustment. The woman screamed with terror, according to the doctor, when Henderson approached. The case was continued until May 9.

Schools Are Visited By Mills Boosters

In an effort to arouse enthusiasm for the benefit program which will be presented Saturday at the Auditorium for the Mills College endowment, a number of the schools in the Fruitvale district were visited yesterday by some of the committee members in charge of the entertainment.

Accompanying the committee was a school boy made up as the "Scarecrow" in the "Wizard of Oz."

which will be one of the features of the entertainment. Children at the various schools visited joyously acclaimed the "scarecrow."

Besides the motion picture of the "Wizard of Oz," a photoplay starring Marguerite Clark in "Mrs. Wiggs of the Cabbage Patch," will be shown. There will be a performance at the Auditorium at 10 a. m., another at 2 p. m. and a final show at 7 p. m.

Say you saw it in The TRIBUNE.

FIGHTING BREAKS OUT AGAIN ALONG ULSTER BORDER

Free State Troops Battle Insurgents; England Keeps Hands Off

BY INTERNATIONAL NEWS SERVICE
LEASD WIRE TO TRIBUNE.
LONDON, April 27.—The first outbreaks of violence along the Ulster border, following breaking of negotiations between northern and southern Ireland, were reported today.

Insurgents burned Hibernian hall at Lisela and a business building and dwelling house at Annalong, in County Down.

BY UNITED PRESS
LEASD WIRE TO TRIBUNE.
DUBLIN, April 27.—Free State and insurgent troops clashed in a two-hour battle at Mullingar in County Wickham early today. At least two are known to have been killed and many wounded.

Refuse Can Yields Materials for Bomb

SAN FRANCISCO, April 28.—Dynamite and other ingredients necessary for the making of an infernal machine came into the hands of the police by chance early today. They were found in a refuse can at Eddy and Mason streets.

Corporal Michael Brady of the Central station, was standing on the corner when he observed a street sweeper examining a package. Brady found it contained one long stick of dynamite, one short stick, copper wire, fuses and percussion caps. All were taken to the detective bureau and a clue to the identity of the owner is being sought.

"Clarence" To Be Staged By Pupils Of Alameda High

EUGENIA CLINCHARD, who assumes role of leading woman in "Clarence," to be presented by Alameda high school pupils.

Well-Known Play Will Be Produced By Students Saturday Night

ALAMEDA, April 27.—Booth Turkington's "Clarence" will be presented by Alameda High school students at the Porter school auditorium Saturday night. Eugenia Clinchard will assume the role of leading woman. Miss Clinchard played the title role in "The Poor Little Rich Girl" several years ago and has appeared both in the movies and at Oakland theaters.

EARLY OAKLAND DAYS RECALLED BY JIM CORBETT

Amazed at Growth and Progress Everywhere, Ex-Champion Tells Lions.

"My whole career was molded here in California," declared James J. Corbett, former heavyweight champion of the world, who was an honored guest at yesterday's luncheon-meeting of the Lions Club at the Hotel Oakland.

Corbett touched upon his boyhood experiences in Oakland and told how, among other memories, was that of the time he had played baseball with J. Cal Ewing.

"A great portion of my success as a pugilist is attributable to my early training here in the old Acme Club," he declared.

"Coming back to Oakland after an interval of several years, I am amazed at the growth and progress everywhere noticeable."

Sixty members of the Sacramento Den of Lions were present to boost the Days of '49 celebration to take place there from May 23 to 28. The delegation was headed by Fred Johns, president of the Capital City club.

793,503 REGISTER FOR PRIMARIES IN THREE MONTHS

Republicans Total 485,393
and Democrats 165,738;
County Votes 15,917.

SACRAMENTO, April 27.—A total of 793,503 California electors registered during the first three months of the year for the August primary, according to a statement issued by Secretary of State Frank C. Jordan today, in accordance with the provisions of the direct primary law.

As the total registration in 1920 was only 1,274,184, the registration for the three months' period this year is considered unusually heavy. Electors desiring to vote at the August primary have until July 23 to register.

Los Angeles county, with a total registration for the ninety days of 222,212, leads the list. A total of 97,084 voters had registered in San Francisco county up to April 1.

485,393 REPUBLICANS.

Registration by parties as announced follows: Republican, 485,393; Democratic, 165,738; Socialist, 12,123; Prohibition, 15,210; Progressive, 15,535. A total of 11,555 declined to state party affiliations.

In addition to the five leading parties, twenty other groups are represented in the registration. They are: San Francisco Union Labor, 50; Non-Partisan, 533; Independent, 1245; Progressive Republican, 68; Labor, 5; Conservative, 1; Democratic-Republican, 1; Progressive-Socialist, 1; Farmer Labor, 6; Free, 2; Independent Democratic, 2; Independent Prohibition, 1; Independent Republican, 4; Industrial, 4; Mugwump, 2; Neutral, 6; People's Party, 1; Protective Tariff, 2; Radical, 2; Socialist Labor, 11.

Mariposa is the only county in which the Democratic registration is in excess of the Republican, registering Democratic 53, Republican 49.

Alpine county boasts the distinction of having the smallest total registration, with only four registered.

Persian Rebels Capture Tabriz

CONSTANTINOPLE, April 27.—A series of battles for the possession of Tabriz, second capital of Persia, have been in progress since the British troops were withdrawn last year as a result of which the city has recently been taken by Lauth Khan, according to advices received here from Teheran.

Lauth Khan was commander of the Persian gendarmerie forces in the region of Urmia. He sent his troops in movement against the Teheran government on the ground that they had not been paid for five months. The Shah's governor and his assistant in Tabriz have been arrested and tried by Lauth's court martial.

Lack of money to pay the troops and gendarmes, Bolshevik propaganda and brigandage appear to be the cause of most of the revolutionary movements in Persia, say the Teheran advices.

PLEA MADE FOR ARMENIAN AID

"Failure of Oakland to subscribe its quota to the Near East relief fund means signing the death warrant for thousands of children in Armenia. It is just the same as taking an axe and chopping off their heads."

This was the statement of Charles V. Vickery, general secretary of the Near East relief fund made during his appeal for support at a meeting in the Hotel Oakland at noon yesterday. The meeting was attended by representatives of the various luncheon clubs and civic organizations and presided over by Carsten Schmidt, president of the Rotary club.

Following the meeting Vickery presented certificates of service to those who distinguished themselves in the drive work in the Eastbay and gave to William Nat Friend a gold medal for his services at the head of the drive. Those who were honored by Vickery were Mrs. Henry Weatherbee, Mrs. Selah Merrill, Charles Keeler, Mrs. C. W. Whitney and Mrs. W. J. McGor.

Club Exhibits Will Feature Grain Show

CHICAGO, April 27.—Exhibits from boys' and girls' clubs will be a special feature of the Fourth Grain and Hay Show to be held here in connection with the International Live Stock Exposition, December 2-9.

The United States Department of Agriculture and the state agricultural colleges will make large educational exhibits, it is announced. The International Live Stock Exposition is expected to assign larger space than formerly to this show.

The Chicago Board of Trade has contributed \$10,000 in cash premiums for exhibits of corn, small grain and seeds, hay, legumes and other farm crops.

It is the Russell ranch of 160 acres at Zynite. The camp will be made for three months from July 1.

Americans Get Big Near East Concession

ADANA, Cilicia, April 27.—Signs of the coming economic regeneration of Asiatic Turkey grow more abundant as United States companies through their representatives here announce new concessions obtained from the nationalist government at Angora for the exploitation and development of the country.

One American company announces that it has obtained a 75-year lease in the port of Mersina which is to involve extensive works in the construction of the port and town. Another American company has secured a concession to construct two important railway lines. A third company has arranged with the Angora government for the exploitation of the Anatolian mines and electrical power for the lighting and industries of the vilayets of Adana, Angora and Konia.

Pastor Who Wedded Bathers Faces Trial

LAWTON, Okla., April 27.—The Rev. Thomas J. Irwin, founder and for twenty years the pastor of the First Presbyterian church here, who recently performed a marriage ceremony at a public swimming pool, in which the principals wore bathing suits, must stand trial before a church commission on charges of "conduct unbecoming a minister."

A commission of seven will hear the charges May 3. The pastor is ordered to show cause why he should not be relieved.

Irwin has been the town center of opposing factions of the church for months. He was a supporter of

the late Jake L. Hamon, Republican national committeeman, who was shot by Clara Smith Hamon.

Film Industry To Have Ethical Code

NEW YORK, April 27.—The motion picture industry views its relationship with the American public in the same light as does the American press. Will H. Hays, director of the industry, told a group of magazine and newspaper publishers at a dinner given by them in his honor last night.

Just as the press has developed a code of ethics, so is the motion picture industry seeking to develop a standard of practice that will be approved by the American people, he said.

The jury recommended life imprisonment.

Largest of World's Masonic Temples

When completed this will be the largest and finest edifice to the Masons in the world. It is now under construction at Detroit, Michigan, and will be completed in about three years. The total cost is estimated at \$5,000,000, and the entire sum is by gifts from 50,000 Masons of Detroit. The height of the ritualistic building (the end shown on left) is 208 feet. The height of the Shrine Club is 147 feet. The building has a frontage of 400 feet on Temple avenue. The theatre—central portion—has a stage second only to that of the Hippodrome in New York City. The Scottish Rite Cathedral in the building will seat 1900 persons. The Blue Lodge auditorium seats 1200. Knights Templar asylum seats 700. It has Nine Blue lodge rooms. The drill hall for Knights Templar has a clear floor space of 105x152 feet.—(Copyright, 1922, by Underwood & Underwood).

OH THOSE ANTS!

WHY DON'T YOU KILL 'EM OFF?

It's Easy to Get Rid of Them

Are you prepared to meet the Spring advance of the armies of Argentine Ants?

These busy little pests have been hibernating all winter and are ready to come out in force on the first warm day. The time to kill them off is in the early season before the colonies have had a chance to multiply.

Scientific research conducted by the University of California and by government officials has determined that they can be best destroyed by poisoning them in the garden. Argo Ant Poison is a preparation made after the formula suggested by these authorities.

For three years Argo Ant Poison has shown wonderful results and is now an established and well recognized solution of the ant problem.

If you will call at our store we will explain its use to you and show you how to put it out without danger to chickens or domestic animals. 35c a bottle with one feeder can free.

ATTRACTIVE CANES

If you will look in our windows you will see a very interesting display of canes, many of which have just arrived. Usually a drug store carries only the heavy hickory canes used by invalids. We, however, are showing a better assortment and have many neat, light, yet strong canes that are quite attractive.

Ladies who use canes will find many here that are just as serviceable as the ordinary kind with the additional advantage of being ornamental.

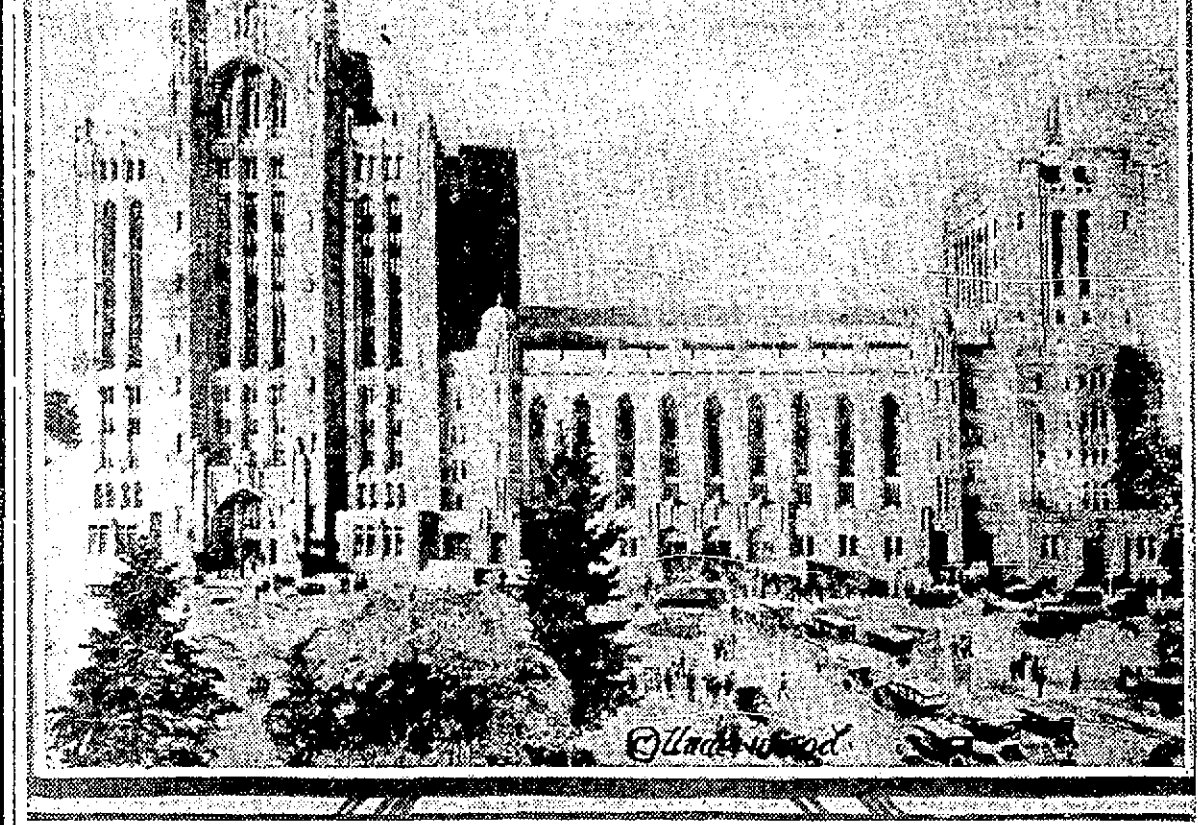

Our prices range from \$1.00 to \$5.00.

ROSE SPRAY

Have you sprayed your roses?

Don't neglect to do so because the little green bugs are busy day and night eating off the tender sprouts as fast as they appear.

Bowman's Rose Spray is ideal for the purpose and a 25c bottle will last several months.

ASK THE TRIBUNE Bureau of Information

"What is the approximate number of miles of highway in the state of California?"

According to the State Highway Commissioner, there are 45,000 miles of good highway in this state.

"Under what city department does the city planning commission come and who is the head of it?"

It comes under the head of the Park Department. Mayor Davis is president of the commission.

"Where is the National G. A. R. encampment this year?"

Des Moines, Ia. September 24 is the opening day.

The TRIBUNE Information Bureau will answer all questions of a general nature except school or legal problems, debates, trade and firm names and queries as to the time of day.

The bureau is open every day, except Sunday, from 9 a. m. to 5 p. m.

If answers are desired by mail stamps must be enclosed. Quickest results can be obtained by telephoning to the bureau. If you have any problem of a general nature to solve ask THE TRIBUNE Information Bureau, Lakeside 6999.

GIRL DIES, TWO HURT IN CRASH

SAN JOSE, April 27.—Miss Mary Styles, 29, of San Francisco, was instantly killed and Mr. and Mrs. Solomon Barrish, 1150 High street, San Francisco, injured, when the automobile in which the three were riding last evening struck an embankment on the highway at Monte Vista, ten miles west of San Jose, turned over, pinning the occupants beneath.

A splinter of glass or wood entered Miss Styles' eye, penetrated into the brain and killed her instantly. The extent of the injuries of Mr. and Mrs. Barrish have not yet been determined.

Teacher Believed Kidnaped Victim

CHICAGO, April 27.—Fearing the danger of a kidnapping, a school teacher in Montana, has been kidnapped here, Mr. and Mrs. Thomas Williams of Cannelburg, Ind., arrived in Chicago today to take up the search for the girl, who has been missing since last Sunday.

A post-card from Chicago, mailed Sunday, and a mysterious telephone call are the only clues, police said. The telephone call was to the girl's uncle, Frank O'Neill, here. The voice had a foreign accent and O'Neill could distinguish only the name "Williams."

Score Missing As Steamer Founders

LE HAYRE, April 27.—Twenty-two persons are missing from the wreck of the steamer Deputa Albert Faulkner, which foundered in a storm, 30 miles off the Brittany coast.

Ships are searching the English channel in the hope of finding survivors.

Ten of the steamer's crew of 32 were picked up in the icy waters near the wreck, several of them dying from cold and exposure.

Prepare for a Big Harvest Now

Get your farm now, so that you can plant your crops and get things started before it is too late.

The prospect for big crops this year is unusually good. The abundant rainfall we have had means plenty of water for irrigation, one of the most important factors in California agriculture.

This is what one of the agricultural journals says about the fruit crop outlook: "Under the general prospect of commercial conditions next fall the coming season in canned food lines should be an active and interesting one in California, with goods moving into consumption right from the start of packing, apparently."

(California Fruit News, March 18, 1922.)

A list of desirable farms can be found in the Classified Columns of yesterday (the Wednesday, Color Section) and today.

NOW DO MY WORKWITHEASE

Because Lydia E. Pinkham's Vegetable Compound Restored My Health

Hornell, N.Y. — "I was in bad health but there didn't seem to be any one thing the matter with me. I was tired out all over and it was an effort for me to move. I was irritable and could not sleep nights and had trouble with my bowels and at my periods. It seemed that nearly every one around me knew of my medicine and wanted me to try it, so at last I took Lydia E. Pinkham's Vegetable Compound Tablets and Lydia E. Pinkham's Blood Medicine and improved every day. I do all my own work now except the washing and do it with ease. I can accomplish as much in a day now as I would have taken me a week to do last winter and I try to get every one I know to take your medicine to build them up. You are welcome to use this letter as a testimonial if you like."—Mrs. CHAS. BAKER, 21 Spencer Ave., Hornell, N.Y.

In almost every neighborhood there are women who know of the value of Lydia E. Pinkham's Vegetable Compound. They know because they have taken it and have been helped. Why don't you give it a trial?

"MAM" FOR MARY.
LONDON, April 27.—Acquaintance and less intimate friends will now use the Victorian term of "Ma'am" in addressing Princess Mary. Married women of the royal family are so styled.

How You Can Remove Every Trace of Hair

(Toilet Talks)
A stiff paste made with some powdered talc and water and spread on a hairy surface about 2 minutes will, when removed, take every trace of hair with it. The skin should then be washed to free it from the remaining talc. No harm can result from this treatment, but be sure it is talc you get and you will not be disappointed. Mix fresh as wanted.—Advertisement.

Watch Free

to the winner of our "Time Guessing Contest"
Will be wound today at 12 P. M. and will remain in our window until watch has completely run down.

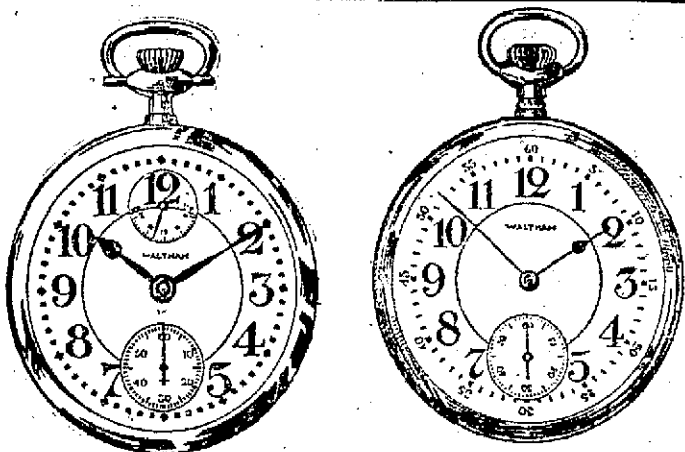

We are featuring the Waltham Crescent Street in our window. We will be glad to show you this watch and explain its superior points and qualities as a time-keeper. This watch is extensively used on all of the railroads in United States and meets all the exacting official requirements of railroad service.

A watch is as good as the time it keeps and we do pride ourselves on carrying the best watches made in America.

Our watch repairing is a feature that is given the most careful supervision, modern appliances have been installed and regardless of how difficult or intricate the repairs required we have the skill and equipment to handle it as successfully as if sent to the manufacturer. A watch is worthless if it is not right and an unskilled workman may damage it beyond recovery. Bring your watch to us for repairs when needed and you may be assured of its being properly done and at a reasonable cost.

Time on Schedule

HERE is the famous Waltham Crescent Street. A watch that has run countless trains on schedule upon the railroads of the world.

You may not be a railroad man, but the Waltham Crescent Street will give you railroad time when you want it—and give it to you all the time.

There is not a more dependable watch made. It comes with or without the winding indicator. A Waltham device to remind you when the watch needs winding.

To business and professional men who demand and need accurate and unvarying service, a Waltham Crescent Street will give a life-time of satisfaction for the reasonable sum it costs.

Ask your jeweler to show you this "Railroad" watch. He knows Waltham Watches.

Write for a valuable booklet that is a liberal "Watch" education. Sent free upon request. The Waltham Watch Company, Crescent Street, Waltham, Mass.

Kappa Alpha Theta Girl To Marry

To Kappa Alpha Thetas at college and many of the social sets in the bay country and in Santa Barbara, the wedding of Miss Abby White Edwards, daughter of Mr. and Mrs. Charles A. Edwards, of Santa Barbara, and Winslow Haskell Randall, of Berkeley, will be a notable affair of Saturday, May 27, in the southern city, for which the bride-elect left yesterday to join her family. The Edwards family is one of the representative of the social and civic life of the city and the wedding will be one of the brilliant ceremonies of next month. Miss Edwards has been visiting friends in the bay section for some time and is a sorority sister of Mrs. John Macgillivray (Ruth Kroll) of San Francisco.

Miss Dorothy Edwards, who is a member of the faculty of Miss Ransom's school, is to be maid of honor for her sister.

Randall is a son of Mr. and Mrs. Henry Irwin Randall, of Berkeley, and was a member of the class of '20, University of California. He is a Phi Kappa Sigma fraternity man.

Miss Florence Dean has sent out cards for a bridge afternoon May 2 which she will give at the home of her sisters, Mrs. George Fredericks and Miss Boothe. The guest of honor will be Mrs. A. McLeod.

Miss Beth Ward, fiancée of Raymond Thomas Morris, and her mother, Mrs. C. W. Ward, who have been sojourning in San Francisco for several weeks, will return to their home in Los Angeles, leaving Saturday for the southern metropolis.

Miss Alison Stone was hostess at an informal bridge this afternoon to Miss Lorena Kinney, bride-elect of Captain Elton Abernethy, U. S. A.

Miss Clara Taft, daughter of Mrs. Henry Clay Taft, will leave May 1 for New York to spend several weeks, including many interesting trips to other cities in her itinerary.

Mrs. James Dunn, of Alameda, will entertain May 5 with a bridge party at her home as a farewell to Mrs. William Langdon who, with Judge Langdon and their children, will leave for Europe in May. The

latter part of that month the Langdons will leave for New York. They will remain abroad for a year.

Miss Myrtle Chamberlain, fiancée of Calvin Huntley, is visiting in Auburn and will return to her home in Berkeley the first of the week.

BOST-BROWNING WEDDING IN CHURCH

Christ Episcopal church in Alameda was the scene of a smart wedding at 4:30 o'clock when Miss Margaret Marie Bost, daughter of Mr. and Mrs. Frederick W. Bost, became the bride of William Baker Browning. Rev. Henry H. Shires, rector, read the ritual.

Two hundred guests were bidden to the ceremony. Later at the Bost home a wedding supper and

informal reception for relatives and close friends was held.

Wisteria, pink rose and white lilies were used in the decoration of the church and in the home. Mrs. Henry J. Carty was matron of honor and the bridesmaids, Miss Geraldine Traphagen and Miss Florence Hosken.

All three attendants wore frocks of organdie in lavender, pink and orchid and wore wreaths of silver in their coiffure. Each carried an armful of spring blossoms.

The bride gown was of heavy white satin (part of which was made by the bride's mother) over which was draped a tunic of rare Princess lace and over this the bride wore a rare lace which formed the court train. A crown of orange blossoms fastened the veil to the coiffure and the shower bouquet was of orchids and lilies.

SMALL PURCHASE POWER OF RUBLE RUSS PROBLEM

Government Rations Cut Off. Thousands Forced to Support Selves.

MOSCOW, April 27.—Many of the millions of persons hitherto fed by the government and who are now being thrown upon their own resources are finding life in Russia complicated by depreciation in the value of the paper ruble, growing constantly more difficult.

Only 6,000,000 persons, including the Red army and navy, are now receiving government rations, says the Moscow Pravda. Last September the number was 11,500,000. Factory workmen, government employees and others cut off the free ration list receive, in theory, pay increases supposed to be adequate to permit them to buy their food in the open markets. The pay fixed today, however, may be worth actually, in purchasing power, only half as much next week or next month.

Prices for food and other articles in Moscow follow almost exactly the depreciating value of the ruble as compared to gold or foreign money. If street brokers pay 250,000 rubles to the dollar today and 1,000,000 for the dollar a week or so hence, bread will cost four times as much a week hence. The monthly, fixed a month ago, has little purchasing power today, with street car fares fixed at 33,000 rubles, newspapers 5000 rubles each and black bread 50,000 rubles a pound.

of the valley tied with knotted tulle and satin ribbons.

Albert William Beal, of Fresno, who is a fraternity brother of the bridegroom, was best man and the ushers, the two brothers of the bride, Carr II and Crawford Bost. Browning is a graduate of the University of California College of Agriculture at Davis, where the couple will establish their home upon their return from their honeymoon.

Mrs. A. J. Snyder has been appointed chairman for Pencil Day, Saturday, April 29, in Berkeley, and has selected as her captains for that day Mesdames Frank S. Glass, Henry Martinez, W. W. Blair, H. S. Kergan, Robert Glenn, Schweitzer, R. Kewson, A. H. Allen, A. V. Thompson, Miss Lulu Brim and Miss Marjorie Mills.

Announcement of the marriage of Miss Adeline L. Blood and Sheldon Hill of this city today was made by the bride's mother, Mrs. William F. Blood of 1946 East 29th street. Rev. Francis J. Van Horn of the First Congregational church in this city officiated. The bride's father was the late Colonel William F. Blood.

Cards were received this week announcing the betrothal of Elsworth Wiley and Miss Helen Davies of this city. The wedding will take place in the near future.

U. S. Dry Raid Barren of Result

SAN LEANDRO, April 27.—Half a dozen federal officers descended upon the Estudillo House here last night. No arrests were made, however, and the agents did not take away any liquor in the raid.

Sylvain Godchaux, who has charge of the place, said that the only liquor now in the place has been there for the past 25 years. He said the liquor had been seized two years ago and had later been returned from the customs house. He said that the liquor was still in the same cases as when the prohibition department had returned it.

The raid was conducted at 9:30 o'clock.

FRESNO JAMMED FOR 'RAISIN DAY'

FRESNO, Cal., April 27.—"Raisin Day" was celebrated in Fresno today with thousands of visitors as the guests of the city.

Throughout the raisin-growing belt the day was a school and business holiday. Douglas McLean, motion picture actor, was crowned as King Raisin, with Edith Meyer of Lemore as his queen. They reigned over a day of carnival gaiety.

Takes the place of bar soap

Just soaking in big lasting Rinso suds does away with almost all rubbing

The most ground-in dirt is loosened without injuring a thread. Only the dirtiest places need a light rubbing. Dissolve Rinso in boiling water. Use enough to get big lasting suds. Soak an hour or more—overnight if you wish. (Colored clothes only half an hour.)

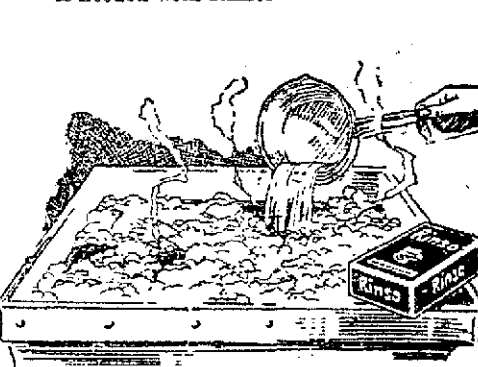

For the very dirtiest places

A little dry Rinso sprinkled directly on the dirtiest places makes even the most obstinate dirt disappear with just a light rubbing. Rinso has more cleansing power than is possible in bar soap.

If you like to boil your white cottons

Boiling isn't necessary when you use Rinso. But if you like to boil your white cottons, let the safe Rinso suds boil through and through them. Use enough Rinso dissolved in boiling water to give you the suds you like. No other soap—no washing powder—is needed with Rinso.

If you use a washing machine

Rinso suds have enough body to get clothes clean without rubbing. Use enough Rinso solution to make rich suds. Operate your machine. You need no other soap, no washing powder with Rinso.

At every step of the family wash Rinso does the work. You need no other soap

Rinso

NOTE: In hard water it takes from 1/4 to 1 package of Rinso to a tub to make good suds. In very hard water you will need from 1/2 to 2 packages to a tub to get the big lasting suds that loosen all the dirt.

Sold everywhere. It comes in the regular size and the big new package. Get Rinso today—at grocery and department stores. Lever Bros. Co., Cambridge, Mass.

ROSICRUCIANS TO FIGHT IN COURT FOR SEIZED WINE

U. S. Raid Will be Made this Ground For Legal Action.

SAN FRANCISCO, April 27.—Theodore Bell, attorney for the Holy Rosicrucians, announced today that legal action would be taken by the cult immediately as the result of the seizure yesterday by Prohibition Director Rutter of 10,000 quarts of wine temporarily stored in the vestry for religious use of the "illuminati" of the Holy Rosicrucian church.

Lodges to Be Guests at Shrine Carnival; Miss Luise Bruns Made Mardi Gras Queen

Many Features Planned For Remaining Days of Local Fete.

Miss Luise Bruns of the TRIBUNE received the highest number of votes, 19,097, and was elected Queen of the Shrine's Mardi Gras Fete at the Auditorium last night. To her also went the first prize, a Buick coupe.

Miss Eloise Gibbs, with 11,350 votes, came second, and Miss Mabel Axelsson of Richmond, with 9,805, third, each receiving a valuable diamond ring.

Prizes were also won by Miss Ora Taylor, Miss Gladys Wilson, Miss Vivian Metzger of Roseville, and Miss Caroline Schell.

First prize in the baby contest was won by Caroline J. Sontheimer, who received 22,350 votes. Second and third prizes went to Barbara Malone and Baby Dublin.

In the contest for twins the Bendit twins received the first prize and the de Sousa twins the second. The third prize was won by two sets of twins out of the same family, Ruth and Naomi Clough and Lulu and Maude Clough.

ORDERS TO BE GUESTS.

Alameda county fraternal and civic orders will be the guests of honor at the Shrine carnival and circus this evening. A special program of events will be given, including a new dancing feature by Natile Carosio and his dancing girls, a brand new specialty by Bulger the clown and Jazz Bo, the most comical donkey in the world. Other features on the bill will be The Cornills, European Novelty Artists; Rose Waterman, novelty dancer; Rue Enos in a comedy contortionist act.

Free admission and all of the

privileges of the floor will be accorded to those who attend Friday evening in costume. Announcements to this effect were made yesterday by W. P. Hamilton, director in charge, who is anxious that the Shrine public take advantage of the invitation and assist him in making the auditorium a riot of color. Hamilton announces that any costume, as long as it is fancy and colorful, will be welcomed.

The program for tomorrow evening is unusually pretentious. Aside from the circus and Mardi Gras attractions there will be a Mardi Gras parade at 7 o'clock, and at 8 o'clock the coronation of the queen, and pageant. A reception to the queen will be tendered at 9 o'clock, and at 10 o'clock will occur the grand march, at which only those who are in costume will be permitted to participate. Following the grand march there will be free dancing until 1 o'clock.

PARADE OF BABIES. Another big program has been arranged for Saturday. The afternoon will be turned over to the children. A parade of baby vehicles will start at 2 o'clock in front of the Auditorium and traverse a portion of the Lake boulevard. Prizes will be offered for the best decorated baby vehicle. Mothers and fathers are invited to enter their children. The prizes will be awarded upon the originality shown in the method of decoration and on the color scheme. At 4 o'clock will be the award of prize.

On Saturday evening the Sacramento people who are to hold the "Days of '49" show, will appear and present one of the big acts which they will use in connection with their own entertainment. Included in the party will be: H. E. Digges, Sacramento merchant and banker; A. S. Dudley of the Sacramento Chamber of Commerce; C. B. Bills, banker and treasurer of the Chamber of Commerce; L. F. Brunner, merchant and vice-president of the Chamber of Commerce; Irwin Engler, publicity chairman; Joseph Herspring, the Misses Norma Archer and Pearl Thayer, Mrs. O. K. Posey.

Contributions are pouring in upon the Oakland Shrine for the successful manner in which the Mardi Gras and circus is being conducted. It is freely declared that the Shrine has developed into the most successful yet offered in the Auditorium—not only in the matter of entertainment offered and the matter of decorations and financial results.

All of the money raised is to be used to advertise Oakland in connection with the coming Shrine convention in San Francisco. At that time 250,000 visitors are expected and on Oakland day over 80,000 are to be entertained.

COMMITTEE MEMBERS. The committee handling the Mardi Gras includes: Thomas W. Norris, illustrious potentate; Lawrence E. Lund, chairman, entertainment committee; W. F. D. Brown, vice-chairman; Stanley Stokes, secretary; Ed W. Wittberg, treasurer; William I. MacDonald, music; Fred Stein, refreshments; James Gillard, motion pictures; W. B. Thornally, exhibits; Captain J. E. Farish, director; Romano Myers, automobiles; Maurice S. Steward, stage manager; Louis Alborelli, Harry S. Anderson, C. E. Christensen, Lewis Dietz, J. L. Blind, Deaf Girl Reads Print and Hears by Touch

CHICAGO, April 27.—(By the Associated Press).—Although deaf and blind, the ability of 17-year-old Willa Huggins to read newspapers, "hear" and talk over the telephone and distinguish colors amazed members of the Chicago Medical Society, before whom she appeared last night. She came here from the Janesville, Wis., Home for the Blind.

This amazing child, called even "more marvelous than Helen Keller," can hear a lecture or an orchestra concert by holding a sheet of paper in the air. By putting over the receiver of a telephone, she hears, and by fingering newspaper headlines, she is able to read, and to determine the denomination of paper money she feels the numbers on. She determines colors by her acute sense of smell.

Miss Huggins was born in Eau Claire, Wis., and was left an orphan early in life. Illness soon cost her her hearing and sight and at 13 she was sightless and deaf.

WILL TO THANK. We wish to thank our many friends who generously sent beautiful floral offerings and kind expressions of sympathy in our late bereavement.

MRS. J. MARTIN AND FAMILY.

DAVIS PICNIC TO HAVE EXHIBIT OF FAMOUS CATTLE

Prize Winning Stock to be Feature of Seventh Annual Picnic.

DAVIS, April 27.—Prize winning steers and sheep will be shown to the visitors at the Fourteenth Annual University Farm Picnic Day, April 29. Four of these steers have won prizes at the Chicago International Livestock Show. The winners of the University Farm stock at Chicago have been a considerable factor in putting the California pure-bred livestock breeding industry on the map.

The following animals won prizes at the last Chicago International: California Starling, Champion Angus steer, first prize; Senior Steer, second prize; Reserve Champion, third prize; Reserve Champion, fourth prize.

U. C. Jock 3th, fourth place; Senior Angus Calf, cross-bred Shorthorn Angus, second in cross-bred senior calf class and first in college specials.

California By-Standard, first prize Angus calf; Reserve Champion, second and third prize South-down lambs.

Second and third prize Shropshire lambs.

First pen lambs.

A pure-bred Tamworth hog donated by J. J. Summerfield, Santa Rosa, and a May Rose ham donated by the Western Meat Company, will be given to the winners of the guessing contest at the picnic on Saturday. This contest consists of guessing the total weight of a pen of hogs. All visitors at the farm picnic will be given the privilege of entering their estimates.

This guessing contest will be conducted in the livestock tent, which will be located near the center of activities.

WARDEN SHOT IN GAME LAW FEUD

SALINAS, April 27.—L. B. Sherwood, game warden, is in a local hospital with four bullet wounds which physicians say may prove fatal and Carl Whitmore, a rancher, is under arrest in Monterey as the result of what Sherwood termed a "feud of two years' standing." Sherwood told county authorities at the hospital last night that he came upon Whitmore in the hills 20 miles from Soledad yesterday and that the rancher opened fire on him once. Whitmore, he said, and Whitmore fled toward Salinas. The game warden said he believed the shooting resulted from his arrest of Whitmore on a game law violation charge which never came to trial.

HAYWARD

HAYWARD, April 27.—With local market prices maintaining a high point and with splendid crops reported vegetable growers of Eden township face what is said to be a banner season. P. J. Cunha of the Farm Products Sales Company said today that delayed crops of peas and potatoes are now making up for lost time and are pouring into the market. On Tuesday, he said, 40,875 pounds of peas and 25,340 pounds of potatoes were brought in to the Farm Products sheds alone.

Andrew Garin, grower and shipper, said today that the hill crop is practically 100 per cent. "Things are coming along fine for us," Garin said, "and there is no reason why this shouldn't be one of the biggest years Alameda county vegetable men have ever known." As long as the local market remains its present status, it is said, shipping of vegetables to the East in large quantities will not be extensively carried on. It is believed by buyers, however, that shipments with "Golden Alameda County" stencils, "We should beware," he said, "a reputation of the 'Southern California Cherry.' The cherry yield of Southern California is light, so negligible that it hardly exists yet for buyers. Northern California growers have been selling their crops to southern buyers who ship the crops East bearing the Southern California label.

"What is most necessary here," he said, "is a cherry grower and vegetable growers' cooperative association. If it is organized for other purposes than to properly handle Northern California products through Northern California buyers and agents, the Northern California reaps its share of advertising in the East."

FAIRM BUREAU PROGRAM. HAYWARD, April 27.—Three delegates, the county agricultural agent, announced today will represent the Alameda County Farm Bureau in the annual traveling conference of farm bureaus of the state, which starts from Berkeley May 3. Russell T. Robinson, county agricultural agent, announced today that the county farm bureau will be given the privilege of entering their estimates.

JAPANESE TELL OF DEPORTATION FROM TURLOCK

Trial of Alleged Kidnapers Opens, Witness Fails to Identify Defendants.

MODESTO, April 27.—With a short preliminary address District Attorney W. L. Brown yesterday opened the prosecution side of the case of the state of California vs. William Borden, Clarence Hagestrom, C. S. Harkin, Wallace Fe-well, Charles Finley and Martin Palquist, charged with inciting a riot, leading a mob and kidnapping, in connection with the reporting of nearly 100 Japanese from Turlock early the morning of July 19, 1921.

Y. Hoshizaki, principal witness for the state, was called to the stand and related how he and many other Japanese were driven from their homes, in which he was between 75 and 100 white men in the crowd, the majority of whom were armed with clubs and improvised blackjacks, the greater part of the latter appearing to be stockings filled with stones.

Hoshizaki said that shortly after midnight on the night of the deportations he was awakened by hammering on the door of his room, in which he was living with 13 other Japanese. They were ordered to get up, dress and pack their belongings.

"When I asked the reason," testified Hoshizaki, through an interpreter, "one of the white men poked me in the ribs with a club and ordered me to hurry up."

"Reaching the street we were piled into a truck. A Japanese boy was at the wheel. I was riding started toward Keyes, closely followed by an automobile in which there were several white men. Arriving at Keyes, I left the truck and took a south-bound train to Fresno."

Whip Hoshizaki was testifying attorneys for the defense, R. B. Fowler and L. J. Maddux, attempted to have the case dismissed when it was discovered that the information contained in the initial report of Hoshizaki was false.

Attorney Brown moved for permission to change the complaint, which was granted by Judge L. W. Fulkerth, who is trying the case.

The six defendants were ordered to stand up during the testimony of Hoshizaki for identification. The witness looked the men over carefully, but failed to connect any of them with the case.

Finley, according to Hoshizaki, acted as ringleader and was continually ordering both the white men and Japanese about and carried a leather blackjack in his right hand.

Hoshizaki was still on the stand at the hour of adjournment. Acting as interpreter in the case is Paul M. Hiratake, legal advisor of the American Japanese Association.

Also closely watching the case from among many spectators is E. P. Morse of the department of justice.

SOCIAL LEADER AIDS MAN WHO ATTACKED HER

Mrs. Cyrus F. Voorhies, Piedmont society matron, won her first point today in her endeavor to save from a penitentiary sentence Charles Howland, war hero and social leader, who is accused of having attacked her in her home at 43 Manor Drive, Piedmont. At Mrs. Voorhies' request, Superior Judge Church permitted Howland to withdraw a plea of guilty, and to face a jury trial on May 29.

According to Mrs. Voorhies, she believed when she first placed the charge against Howland that he would be given probation, a favor she discovered the probation office intended to return an unfavorable report against Howland, with the result that he would be sent to San Quentin. She then pleaded with the court to permit him to withdraw his plea of guilty and face trial.

Mrs. Voorhies declared she was certain that Howland's act was the result of insanity, and that the probation office intended to return an unfavorable report against Howland, with the result that he would be sent to San Quentin. She then pleaded with the court to permit him to withdraw his plea of guilty and face trial.

According to Mrs. Voorhies, Howland, who was at work in her home as an interior decorator, entered her room and seized her in his arms, beating her when she resisted.

According to admissions made by Jones to the officials the officers are convinced that they have the right man in custody and the other two, Jess C. Vertress and Clyde McNitt, were brought from Oakland last Sunday and enjoyed a picnic.

The men were positively identified yesterday in the Oakland jail by Ah Fong, one of the Chinese men who was robbed, and the foot was also identified as that taken from the camp on the night of the robbery.

All three of the men under arrest have jail records, Jones, the colored boy, was arrested once in Oakland for carrying concealed weapons, and McNitt has served two terms in the Alameda county jail for burglary. Jess Vertress, alleged leader of the gang, is a four time loser, and one of the times he was in the jail for carrying concealed weapons.

Frede West, who claims that he occupied the automobile at an excessive rate of speed, thereby causing an accident which resulted in the death of a man in Salem, Ore. His death sentence was commuted to life imprisonment and later he was pardoned by the governor. He has served three terms in California prisons for the passing of fictitious checks, and in 1909 was arrested as a suspect of the murder of a railroad brakeman at Woodland, Cal. All three of the terms he served for passing bad checks were imposed on him in Yuba county.

In addition to the guns taken from the trio which were stolen at the Chinese camp all three were arrested on large price warrants, alleged to be the ones used in the hold-up Sunday night.

The men were arrested Sunday night in Oakland as they were entering a rooming house, after the Oakland police had been notified by the Stockton police that a robbery had been committed at the Jersey Island camp. Sheriff Veale was notified yesterday of the arrest and the local officers accompanied by Constable Jones, went to Oakland with one of the Chinese to identify the prisoners.

While no direct accusations have been made as to the connection of the woman, who was in the camp at the time of the robbery, with the hold-up the sheriff's office is investigating the possibility of her having been a tool of the hold-up men.

This is the second time the Chinese camp has been robbed recently, a hold-up having occurred there about four months ago when several hundred dollars in cash was taken from the occupants of the place.

His death sentence was commuted to life imprisonment and later he was pardoned by the governor. He has served three terms in California prisons for the passing of fictitious checks, and in 1909 was arrested as a suspect of the murder of a railroad brakeman at Woodland, Cal. All three of the terms he served for passing bad checks were imposed on him in Yuba county.

In addition to the guns taken from the trio which were stolen at the Chinese camp all three were arrested on large price warrants, alleged to be the ones used in the hold-up Sunday night.

The men were arrested Sunday night in Oakland as they were entering a rooming house, after the Oakland police had been notified by the Stockton police that a robbery had been committed at the Jersey Island camp. Sheriff Veale was notified yesterday of the arrest and the local officers accompanied by Constable Jones, went to Oakland with one of the Chinese to identify the prisoners.

While no direct accusations have been made as to the connection of the woman, who was in the camp at the time of the robbery, with the hold-up the sheriff's office is investigating the possibility of her having been a tool of the hold-up men.

This is the second time the Chinese camp has been robbed recently, a hold-up having occurred there about four months ago when several hundred dollars in cash was taken from the occupants of the place.

THREE OF GANG IDENTIFIED AS JERSEY BANDITS

Chinese Victims of Holdup Procure Arrest of Assaultants.

MARTINEZ, April 27.—Three of the gang of five men who held up and robbed the Chinese camp at Jersey Island on Sunday evening, taking over \$600, a diamond ring, three revolvers and a rifle, are in custody and part of the loot has been recovered. One of the trio, Ralph Jones, colored, was brought back to Martinez from Oakland yesterday afternoon by Deputy Sheriff Dike Joslin, Ralph Harrison and Constable Joe Jesse of Oakland.

According to admissions made by Jones to the officials the officers are convinced that they have the right man in custody and the other two, Jess C. Vertress and Clyde McNitt, were brought from Oakland last Sunday and enjoyed a picnic.

The men were positively identified yesterday in the Oakland jail by Ah Fong, one of the Chinese men who was robbed, and the foot was also identified as that taken from the camp on the night of the robbery.

All three of the men under arrest have jail records, Jones, the colored boy, was arrested once in Oakland for carrying concealed weapons, and McNitt has served two terms in the Alameda county jail for burglary. Jess Vertress, alleged leader of the gang, is a four time loser, and one of the times he was in the jail for carrying concealed weapons.

JAIL PROBE FOR DOPE ACTIVITY IS ASKED OF COURT

Pleas of Prisoners to be
Transferred to Alameda
Bastille Causes Request,

Suggestions toward an investigation of conditions in Alameda county jail with regard to the narcotic traffic were made in the federal district court in San Francisco today. Suspicions aroused by the frequent requests of narcotic prisoners that they be transferred from the San Francisco county jail to the local jail were behind the request.

The matter was before United States Judge Frank S. Detrick, who is from Boise and presiding temporarily in San Francisco. The matter is again to be taken up in the same court Monday when Federal Judge M. T. Doelling shall have returned to his bench.

Grove Fink, assistant United States attorney, made the intimation that procuring narcotics in the Alameda county jail might be simpler than he seems to realize in the San Francisco jail. It was this possibility he wanted proved.

STATEMENT BY JAILER.
Charles Clark, chief jailer at the Alameda County Jail, said today: "Under the law all county jails must accept Federal prisoners. These prisoners are often allowed to elect to which jail they will go. A great many ask to go to Alameda county jail, and I am sure to declare that they receive better treatment here than in any other jail in the state. This is a reputation we are proud of. But somehow or other, this predilection on the part of prisoners seems to have started the rumor that it is easy to get dope in Alameda county jail. This is not so. Of course, a certain amount of dope is smuggled into every jail in the state, but we try to make it as hard as possible to get it. We always keep Federal prisoners incommunicado, and only allow them to speak to visitors when so ordered by the United States marshal."

Frequently, according to Federal court records, it has been the habit of prisoners accused of being narcotic addicts or peddlers to request that they be sentenced to the Alameda county jail instead of the San Francisco county jail, when pleading guilty in the Federal court across the bay.

TRANSFERS DEMANDED.
If their plea is granted they have often demanded a transfer for one reason or another and have been particularly anxious that their term should be served in this county.

Today John Long pleaded guilty before Judge Detrick to peddling narcotics and to being an addict and was given four months in the San Francisco county jail. On the ground that his wife lives on this side of the bay, he asked the court to change the prison to the Alameda county jail, when pleading guilty in the Federal court across the bay.

Judge Detrick, who is unfamiliar with local conditions, requested

that the matter be taken up next Monday with Federal Judge Doelling. Fink said he would reopen the matter at that time.

Col. Simmons to Talk in Alameda At Civic Meeting

Plans Are Completed For
Civic Dinner to Boost
Encinal City.

ALAMEDA, April 27.—Col. C. A. Simmons, executive secretary of the San Francisco Chamber of Commerce, has been obtained as one of the principal speakers for the civic dinner at Neptune Beach, Thursday, May 4.

It is planned to get several other speakers for this occasion and the rapidly selling tickets are selling indicates a record-breaking attendance at the banquet. Every Alameda citizen, regardless of where his business interest may be, is invited to be present.

Ernest A. Crowley of San Francisco will assist in the reorganization program being projected by the Alameda Chamber of Commerce. Crowley will assist the acting manager, C. C. Wilson, in the capacity of membership secretary and will take the work of organizing the membership campaign, having charge of the work of the "minute-men" and various membership teams. Crowley was formerly associated with the American City Bureau and has had considerable experience in California in helping to organize new chambers of commerce as well as membership of reorganization committees. He will make his home in Alameda during the three weeks of his service in the present campaign.

Miss Dorothy Richardson has been added to the clerical forces in the capacity of stenographer and work is going ahead under full steam.

Porter Giles, secretary of the Oakland Realty Board and Deputy State Real Estate Commissioner, will be the speaker at the meeting of the realty men and manufacturers this evening.

HURT IN MINE CAVE.
AMADOR CITY, April 27.—Perfecto Dominguez is in the Sisters' hospital, Sacramento, in a critical condition, the result of injuries sustained in a cave-in in the Tanager mine. He was caught by falling ground and both legs were broken in addition to other injuries.

THEFT OF \$2850 LAID TO GIRL BY BERKELEY WOMAN

Mrs. Amy Jenkins Asks War-
rant for Jean Glover
in S. F. Court.

SAN FRANCISCO, April 27.—Charging the embezzlement of \$2850 by one whom she has trusted and depended upon, Mrs. Amy Jenkins, a wealthy woman, who lives on Shattuck avenue in Berkeley, was responsible today for the procuring of a warrant against Miss Jean Glover, 28 years old, said to be the daughter of an Arkansas hardware merchant.

According to Attorney John Price, who obtained an embezzlement warrant from Police Judge McAtee for the arrest of the young woman, the latter had been in the confidence of Mrs. Jenkins for some time. By reason of the fact that Mrs. Jenkins is old, she came to depend upon Miss Glover, who formerly lived at 627 Franklin street here.

Price declares that Mrs. Jenkins entrusted to Miss Glover an order on the Bank of Italy branch at Stockton for \$2850, which was to have been brought by her from Stockton to San Francisco and placed in Mrs. Jenkins' safe deposit box. It is alleged that Miss Glover left for Stockton and has failed to return.

Alameda Schools Found Economical

ALAMEDA, April 27.—The Alameda school department is the most economically managed of any in the entire county, according to a report received from County Superintendent of Schools David Martin, by C. J. Du Four, city superintendent. The report shows that it costs Alameda \$67.74 to educate her elementary students and \$150 for her high school students. This is several dollars less than the nearest district. The county possesses 42 school districts and 10 high school districts. The daily average attendance of Alameda was also high, being rated as 3575.

Mary Pickford Pays \$4000 for Peters' Canvas

Artist's Gift to Joffre May
Have Far-Reaching
Effect on Future.

By LAURA BRIDE POWERS.
"Have learned that Marshall and Mme. Joffre were thrilled with your nocturne of Mission San Miguel. Can't you send down a few canvases for us to look over?"

Thus wrote Mary Pickford to Charles Rollo Peters a week ago. "I shall give myself the pleasure of bringing down the best things I have," I leave in the morning."

Twelve canvases were boxed and the painter was on his way. After luncheon the boxes were unpacked and the pictures set up. A picture of an old adobe by moonlight with a twisted cypress beside it, caught the star's eye.

When the review was over a check for \$4000 was in Peters' hands and the painting of an old adobe was on the wall in the Fairbanks' living room.

That was three days ago. The painter and the rest of his collection—assembled to take to London—are still in the south, and whispers are rife that the cinema stars have quite adopted him for their own, for Peters is as famous a raconteur as he is a painter.

Not telling what that gift of Mrs. A. B. Spreckels to Marshall Joffre may lead to—opening up to the Grand Canyon the scene of the work of California artists and the romantic story of the California missions.

Incidentally, true to the Peters' tradition, a dinner celebrated the sale of the Pickford canvas—a series of dinners, would probably be more correct. A famous host is the artist, as guests in his old studio at Monterey will bear witness.

That long-contemplated trip of London may be uncertain now. But will the painter come back? He says he will not—that Californians do not support art commissions with their wealth, as do Europeans.

But he has said that before, this lover of California, who better than any other living American, catches the spirit of the night as it descends on the rugged mountains, and he always comes back—his heart is here—and tender memories.

DIRECTING BOARD IS SELECTED BY WOMEN'S COUNCIL

Election Is Held at Meeting
of County Presidents
Held at Y. W. C. A.

The board of directors, headed by Mrs. Blanch L. Eastman, president, was elected at a called meeting of the Alameda County Women's Council in the Young Women's Christian Association building today.

Mrs. Eastman represents Alameda district, California Federation of Women's Clubs, as a past executive. Those who will serve with her as officers are: Vice-presidents: Mrs. H. J. Platts, Glenview club; Mrs. C. E. Wilson, Oakland Federation of Mothers' Clubs; Mrs. Beattie Wood Gustafson, Business and Professional Women's club; recording secretary, Mrs. A. B. Glasier, Social club, Chicago; assistant secretary, Mrs. A. T. MacDonald, Eastern Star; corresponding secretary, Mrs. Charles L. Taber, Oakland club; financial secretary, Mrs. Ella F. Rowell, Oakland Civic Center; treasurer, Miss Ida Diserens, Fruitvale Woman's club; auditors, Mrs. W. H. Baras, representing the churchwomen; Mrs. Charles D. Haines, Oakland War Mothers.

The water and power act will be considered at the first formal meeting of the Presidents' Council, according to the vote of the women today. The luncheon will be held at the Y. W. C. A. building on Wednesday, May 17. Mrs. C. E. Wilson has been appointed chairman of the luncheon committee.

Attendees at the luncheon and business meeting which will precede will be limited to members of the council. A credentials committee will be appointed by Mrs. Eastman.

Interest in the season of comic opera to be introduced beginning May 25 in Oakland by Ferris Hartmann and Paul Steindorff was sought of the council today.

Salinas Council Orders Street Work

SALINAS, April 27.—The city council has passed resolutions calling for street work. The streets to be improved are Harvest, Winham and San Luis avenues. Bids are to be opened on May 5.

The council also adopted ordinances establishing the official grades of Maple and California streets between Harvest and Maple. The increased demand for water and gas in the rapidly growing southeasterly section, has led the mayor to request the Coast Valley Gas and Electric Company to enlarge the size of its mains in that district to seven inches.

SALESMAN FALLS DEAD.
MORTSBURG, April 27.—D. C. Montgomery, 52, traveling salesman for a San Francisco tea and coffee house for 35 years, dropped dead at Newman yesterday while selling goods to a customer. He leaves a widow living in Oakland.

STEINDORFF WITH COMIC OPERAS TO WAR UPON JAZZ

Orchestra Leader Says Melodies of Other Days Will End Tin-Pan Music.

Musical decadence is largely due to the fact that in recent years there has been no fixed standard to aid the younger generation in arriving at an opinion as to what constitutes the good in musical composition.

This was the statement today of Paul Steindorff, leader of the municipal band and choragus of the University of California, who with Dennis Hartman, famous actor, will present a season of musical comedy at the Auditorium theater beginning May 28. By the presentation of the musical comedy season here it is hoped to return to normal musical tastes by showing the younger generation how thoroughly enjoyable good music really is to sing and dance to.

HOW JAZZ CAME. "That which has a sensual life and a dancing swing was considered elegant and hence desirable," said Steindorff. "A weird discord, breaking every precept of harmony, executed upon unusual combinations of instruments upon which simple strains of melody were entangled with crash rhythmic noise was accepted as the fad of the day, but, if the delightful melodies of the properly constructed and well executed comic opera hits of twenty years ago had continued in vogue, jazz would never have had an opportunity.

"In the days of the old Tivoli Opera House before the fire and Idora Park shortly afterwards the beautiful music of the comic operas were whistled and danced to. 'Cuddle Up a Little Closer' from the 'Three Twins,' 'My Hero' from the 'Chocolate Soldier,' and the delightful waltz strain from 'The Merry Widow' have never been equalled unless one considers the numbers from 'Maytime,' 'Katinka,' 'The Blue Paradise,' and other comic opera hits of recent years."

OPERAS CHOSEN. The operas to be presented are now being selected from a large list by a committee of newspaper men aided by the opinion of the public, which they invite. Thus far, 'The Idol's Eye' and 'The Wizard of the Nile' seem sure of having a place at the head of the list, while 'The Geisha' and 'King Dodo' have many speaking for their early presentation.

The cast is now being selected. The complete personnel is not as yet announced, but the fact that the eastern companies from which they are being recruited have not as yet announced their closing dates but another week will settle this.

Stanford Voting Close On Spring Carnival Rulers

EVELYN HUNTINGTON, Stanford co-ed, who will take part in Stanford's spring carnival, "Vanity Fair."

Two-Day Fete Will Be Held Tomorrow and Saturday Evenings.

STANFORD UNIVERSITY, April 27.—Voting ends here tonight in the contest for the selection of a king and queen to rule over Vanity Fair, Stanford's spring carnival, to be held tomorrow and Saturday evenings in the yard in the rear of Encina gymnasium. Competition for the honor of reigning over the two-day fete has been keener this year than ever before. Edward Wadell was leading in the contest for king when the votes were counted last night, with a total of 11,270. He was close pressed by "Husky" Wassum, well-known Stanford boxer, who had 10,920. In the race for queen Xena Muscio was leading with 9,250, followed by Francis McGregor with 8,250. In addition to the concessions there will be a number of open-air attractions, including "The Parade

MILLION DOLLAR ESTATE LEFT BY S. F. 'BLIND BOSS'

Widow and Son Will Divide Wealth; Many Requests to Institutions.

SAN FRANCISCO, April 27.—Christopher A. Buckley, known as the "blind boss" of this city, because of his political power twenty years ago, who died recently after a brief illness, has left an estate valued at \$1,000,000, according to his will filed for probate.

The money is left in a trust fund by the Union Trust company where it will remain for ten years, during which time \$1000 a month will be paid the widow, Mrs. Anna Buckley, \$500 a month to Christopher A. Buckley Jr., the only son, and \$50 each to John Parrotte, a nephew, of San Mateo, Clara Johnstone and Irene Johnstone.

In the event that Mrs. Buckley and her five sons survive the estate will be divided equally between them, according to the terms of the will, but the death of one will result in one-third of the fortune going to the Industrial Home for the Adult Blind; the Sonoma state home, the deaf and dumb asylum of Berkeley and the home for feeble minded children.

The charitable bequests in the will include \$500 each to the Roman Catholic orphan asylum; the Protestant Orphan Asylum Society of San Francisco; the home of the Little Sisters of the Poor, San Francisco; the home of the Little Sisters of the Poor, Oakland; the Sisters of the Holy Family of San Francisco; St. Joseph's Home for the Deaf and Dumb, Oakland; Sisters of the Helper of Holy Souls, San Francisco; Sisters of Mercy of St. Catherine's Home, San Francisco; Sisters of the St. Joseph Chinese mission and the San Francisco Association for the Blind. Alexander Gregains, former pugilist and fight promoter, and Buckley's personal bodyguard, was left \$5000. The will was dated March 13, 1922, and witnessed by Thomas J. Dillon and John A. Grennan.

CONFERENCE OF UNITARIANS TO CLOSE TONIGHT

Full Program Today Keeps Delegates From Northern California Busy.

The second day of the Pacific Coast Conference, Northern California section, of the Unitarian church was held today at the First Unitarian church.

Following out an educational campaign the conference will be brought to a close this evening with a platform meeting to be held under the auspices of the Laymen's league chapters of Northern California. Bishop Edward L. Parsons, bishop coadjutor of the Episcopal church in California, will be one of the speakers, and Prof. George M. Stratton, professor of psychology, University of California, the other. They will both discuss the subject "The Church in the Present Crisis."

A full program starting with the business session early this morning and a concluding lecture at 3 o'clock by Prof. William S. Morgan of Berkeley on "Women in Religion and Politics" occupied the day of the delegates, who have come from all parts of Northern California. Other speakers included Rev. Robert F. Leavens of Berkeley, who spoke on "A Unitarian Church Mission," and Rev. Elmo A. Robinson of Palo Alto, who discussed "The Problems of Youth in the Life of the Church."

OPENING WAS LAST NIGHT. The opening meeting of the convention was held last night under the auspices of the Northern California Federation of Young People. Prof. Yamato Ichihashi, professor of Japanese history, Leland Stanford University, spoke on "The United States and Japan at the Washington Conference," and Rabbi Rudolph I. Coffe of Temple Sinai spoke on "America and the International Mind."

The conference briefly reviewed the aims and the accomplishments of the Washington Peace conference. "Whatever may have been the condition and feeling between the United States and Japan before the conference, and the ratification of the Four Power treaty, these things have again brought about a feeling of friendly relationship," Professor Ichihashi declared. He also reviewed present conditions in China and the relationship between China and Japan.

MUST LEARN TO RULE. "We must first learn to rule at home and rule efficiently before we attempt foreign fields," declared Rabbi Coffe in discussing "America and the International Mind." He continued: "The only reason we don't agree on a great many subjects, religious and otherwise, is that we do not know how to rule at home. We do not want to know. There is too much 'Main Street' in Oakland and California. We do not want to get the other man's view.

The present crisis in the entire world is giving the United States an opportunity that has never before been presented to any nation. We cannot, we dare not segregate the United States from the rest of the world for we are bound closer together internationally than we realize. The United States must lead the world by force of right, and if we want to educate the world we must begin at home."

Oakland Man Falls Dead in Newmarket

NEWMARKET, April 27.—D. C. Montgomery of Oakland, a traveling salesman, dropped dead yesterday in a local store while chatting with a clerk. A coroner's jury last night returned a verdict of death due to acute indigestion. Mrs. Montgomery arrived from Oakland today to arrange for shipment of the body for burial. The deceased has been traveling through the San Joaquin valley for 32 years.

DUBLIN, April 27.—Plans for establishing a Casino in the neighborhood of Dublin on the order of Monte Carlo are under consideration.

FRAT MEN TURN FROM CO-EDS TO MAKE GARDEN

BLOOMINGTON, Ind., April 27.—Members of the Phi Delta Theta fraternity at Indiana University have turned a deaf ear to the call of frivolous pastimes of the spring and have even deserted the co-eds to take up the hoe and the spade. The high price of vegetables set the fraternity to work, it is said. Members resolved to utilize a field east of their dwelling for raising garden truck and now the brothers pass their spare moments spading and hoeing preparatory to planting. An abundant harvest is in store, the young men assert.

Alameda Speeders Pay Court \$82.50

ALAMEDA, April 27.—Police Judge L. R. Weismann obtained \$82.50 for the police exchequer this morning from traffic violators. Some of the defendants drew one and two-hour jail sentences. The \$5 fines were imposed upon H. Heyman, W. H. Jacobs, L. M. Sewell, A. A. Hendrickson, George Palmer, Paul Rose, S. De Ondreis and E. Thompson. The \$10 levy was made on L. Grimes, J. T. Langford, G. Lindermann and C. L. Berry. W. Snyder was fined \$2.50 for running with an open muffler. One hundred sentences were given Ben Klusmeyer, E. W. Riggs and J. M. Manwell. B. F. Turner was sentenced to spend two hours in jail. George Fraz, student, was forbidden to drive his machine for two weeks.

Rabbit Ends Life To Escape Eagle

SARANAC LAKE, N. Y., April 27 (United Press).—Two guides of the Upper Saranac Lake section witnessed a wood's tragedy recently which resulted in one death and one lost breakfast.

The guides were fishing through the ice for lake trout. It was shortly after dawn. Far overhead soared "Old Baldy," a huge bald eagle that has for years been the air king of the Saranacs. He was looking for his coffee and sinkers and the chances seemed poor. Then the guides noticed a rabbit that had ventured far out upon the ice. "Old Baldy" also noticed him and was coming down in a beautiful volplane. Bunny suddenly sensed what was dropping upon him and started in great leaps for the shelter of the woods. It was a losing race.

The big talons were cutting the air just above the rabbit when it reached a hole cut in the ice by fishermen. Without hesitation, the rabbit leaped in and disappeared.

KEEN RIVALRY ON TO PREDOMINATE DANUBE SHIPPING

Dismembered Parts of Former Hapsburg Empire War for Trade.

PRAGUE, April 27.—Keen rivalry for predominance in the Danube shipping is developing among the three land-locked fragments of the dismembered Hapsburg Empire—Austria, Czechoslovakia and Hungary. The Danube river is their sea and port facilities mean traffic and national income. Hence one form of their competition is to build up their respective ports—Vienna, Pressburg (now called Bratislava) and Budapest, situated close to each other on a bend of the river.

With the prospect of a connecting canal system between the Danube and the Rhine through Bavarian enterprise, the Danube is coming to be regarded here as the greatest artery of trade in Europe of tomorrow, and the British were aware of this when they founded their River Syndicate.

Riverside Woman Dies at Berkeley

BERKELEY, April 27.—Mrs. Louise Lucy Smith, widow of O. A. Smith, prominent resident of Riverside, died yesterday at the home of her cousin, Mrs. Hattie Corey, 829 Carmel avenue. She was 77 years old and was born in New York. Mrs. Smith was a charter member of Corona chapter, Order of the Eastern Star, in Riverside.

Farm Jury to Try Miners' Official

CHARLESTON, W. Va., April 27.—(By the Associated Press.)—A jury to try William Bilzard, a district officer of the United Mine Workers of America, on a treason indictment, was secured here today. A majority of the talesmen were farmers, and their selection was made in record time.

Montana People To Form Society

Former residents of Montana, now residing in the bay region, have been invited to attend a meeting at the Hotel Claremont, Berkeley, Saturday evening, for the formation of a Montana Society of Northern California. Names of about 225 former Montana people have been secured, and it is hoped to have a large delegation at the meeting. A temporary organization was begun some weeks ago at

a dinner given by Dr. J. L. Loran Pease at his home in Calmar avenue.

How Many Pounds Will You Gain On Your First Package of IRONIZED YEAST?

Do you need more flesh? Are you pale, lacking in energy—or is your complexion blemished by humiliating pimples, blackheads, or boils? If so, simply go to your druggist's and get a package of IRONIZED YEAST tablets. Take these remarkably effective tablets—two with each meal. Then watch the results! Very likely you will be actually astonished at the improvement shown in you even after the first 48 hours. For IRONIZED YEAST embodies a remarkable new scientific process—a process which enables yeast to bring its splendid results often in just half the usual time!

"Gains 10 Pounds"
"I have taken only 1 1/2 packages of IRONIZED YEAST, yet have gained 10 pounds in 15 days."—Rev. L. V. V.

"Gains 6 Pounds"
"The improvement in me since taking IRONIZED YEAST is just wonderful. Now I eat heartily, never have that tired-out feeling, and I have gained six pounds."—Mr. E. B. C.

"Gains 8 Pounds"
"After one box of IRONIZED YEAST I have gained 8 pounds, my skin is clear, I now sleep soundly every night. It is the greatest tonic I ever heard of."—Mr. A. G. B.

"Gains 10 Pounds"
"I think IRONIZED YEAST is a wonderful flesh-builder and for this reason, I have gained 10 pounds after 1 1/2 packages."—Mrs. J. K. B.

"Gains 7 Pounds"
"Before taking IRONIZED YEAST I weighed myself. Then I waited myself two weeks later and to my surprise I have gained 7 pounds."—Miss M. G. W.

How the Process of Ironization Makes Yeast Doubly Effective

While Science admits that yeast is of wonderful value in building flesh, clearing the skin, and increasing energy, it is found that yeast alone is not enough to bring 100 per cent results. For while yeast contains certain vital elements—lacking in diet, yet essential to health—experiments prove that some other agent is needed in order to quickly CONVERT these important yeast elements into new firm tissue, energy and health.

Everyone knows the great value of iron in changing our food into living cells. So working on this problem, our scientists finally discovered the amazing process of ironization—the scientific process which enables you to derive from yeast ALL of the wonderful benefits it holds for you.

The Only Yeast that is Genuinely Ironized

This remarkable process of ironization is embodied ONLY in IRONIZED YEAST, the one scientifically correct yeast treatment. IRONIZED YEAST is superior, therefore it is widely imitated. You are cautioned against accepting cheap inferior imitations, which in most cases are merely mixtures of ordinary yeast and iron. Always insist upon the genuine IRONIZED YEAST. It is the only way you can be sure of getting the best.

Money Back Guarantee
IRONIZED YEAST is sold at all druggists on our positive guarantee of satisfactory results from the first package—or your money instantly refunded. Get IRONIZED YEAST today. \$1.00 a package.

KINGS TO WALK IN HAWAII AGAIN; GREET SHRINERS

Village to Be Built Which Will Show Restoration of Old Customs.

HONOLULU, April 27.—Kings will walk in Hawaii once more this summer at the Hawaiian village which will be erected and conducted by the Sons and Daughters of Hawaii. In honor of the Ancient Arabic Order of Nobles of the Mystic Shrine, who are coming here on a pilgrimage following the conclave in San Francisco, to pay homage to James S. McCandless of Honolulu, imperial deputy potentate of the organization.

Construction of the village has begun. It is planned to make it as true a presentation of life in Hawaii in the olden days of the monarchy as is possible. There will be

a grass house of large dimensions, typical of the residences of the inhabitants of the archipelago before the arrival of the white man. The house will be furnished with articles of native woods and will be decorated with the feather work so prevalent among ancient Hawaiians, including the kahilis of royalty and the feather leis.

Inside the grass house will be shown the life that rulers of the islands, their relatives, chiefs, chieftesses and retainers led before the overthrow of the monarchy. Series of tableaux also will depict the history of the islands. In addition, the old-time Hawaiian industries, mat-weaving, lace-making and others, will be exemplified by

- Springtime**—Yosemite, in Springtime, offers you mountainsides of wildflowers and new verdure, the melody of many waters, and Spring itself in the air. Have you seen and felt Spring in Yosemite? You will always remember it.
- Visit Greater Yosemite**—To see the snow-peaks, plateaus, wild-flowers meadows and the full expanse of Yosemite's 1100 square miles, time your visit for August. Then you can enjoy Tuolumne Meadows Lodge (new this year), in Tuolumne Meadows, the scenic center of the High Sierras, and a famous camping place for mountaineers. Saddle horses at \$2.50 a day, and other advantages at like reasonable rates, are waiting for you in August, when the mountain passes are open.
- Three Yosemite Features**—Bear in mind these three things when you think "Yosemite": The "Y T S" tour reaching Both Sides of the Park with free trip to Glacier Point; the Tioga Pass Route tour over the crest of the Sierras between Yosemite and Lake Tahoe; the High Park in August—the season of its greatest beauty and accessibility.

DEMPSEY PAVING WAY FOR ANOTHER CARPENTIER BOUT

UNIVERSITY OF CALIFORNIA WILL SEND STRONG TRACK TEAM TO NATIONAL MEET

DEMPSEY-CARPENTIER MATCH BEING COOKED UP FOR EUROPE FANS

Dempsey's Reception in Britain Paves Way for Jack Cracking Georges on Chin Again

By BOB SHAND.

A Dempsey-Carpentier return match seems assured. Dempsey has made the grade over in Europe, and the last obstacle in the way of putting the fight over on the European fans seems to have been removed. It took Dempsey and Kearns a long time to start for the old world, but their plans were made months ago, and they were not waiting until the time was ripe. Immediately after the Jersey City battle preliminary plans were made for staging a return fight in Europe, and Dempsey and Carpentier were told that to do when they went home. They did their part nobly, admitting that Dempsey was a super-man, but hinting that Georges could do much better in a return match in his own country, with clean break rules prevailing.

Dubious About British Reception.

Then came the question, "How will Dempsey be received in Europe? This, you know, is Jack's first visit to France, although a lot of young Americans made the trip some few years ago. The champion was none too popular in Europe during the dark days of the late war, and even when he was cleared of charges of slackness it was not deemed advisable by his managing director to suggest a European trip. Dempsey did his bit in this country by appearing at countless benefits and raising hundreds of thousands of dollars for worthy causes. But they had a funny idea in Europe that men were more necessary than money, and Dempsey was elected a member in good standing of the well-known "In-Bad Club."

Northliff Luncheon Cinched the Bout.

Pleasers were sent out last summer, and later scouts were dispatched to Europe to find out the sentiment of the people of Britain and France. The intervening years seem to have healed some old wounds, and the scouts reported back that Dempsey would probably get over very nicely on the other side. With the stage all set, Kearns steered his champion across the Atlantic, and the pair must have been surprised with the warmth of the reception they received. Dempsey has been recognized by the Duke of York, who has asked him to present the prize at some athletic meeting, and the champion and his manager have been entertained at luncheon by Lord Northliff, one of the most powerful men in the British empire. That puts him "jake" in Britain. The pair of Jacks were not so cordially received in France, but nothing of an untoward nature has so far marred their visit, and Dempsey's personality will probably get him in right with the French.

Georges Will Meet Kid Lewis Next.

So far so good. All that remains now is for Georges to knock off Kid "Ted" Lewis when they meet in London next month. The French champion will have a big pull in the weights and is a heavy favorite to win. The minute he does the Dempsey-Carpentier bout will be "made." London will bring back a lot of the kale that this country has loaned the allies. In the meantime the large cobs of dough that the champion and his manager are spending in Europe will go down on the "advertising account." Kearns never threw away a dime in his life, and pleasure trips to Europe or any other country are not his style. Jack's motto is "Get the Dough," so he must be assured of plenty when he is paying out thousands of perfectly good dollars introducing the champion in Europe.

No Money in America for the Champion.

Dempsey's only chance to add to his bankroll is in Europe. There is not a heavyweight, black or white, in these United States whom the public would pay to see in the ring with the champion. Dempsey is through with native land as he hates that game worse than poison, and his movies do not get the money. The champion figures to get a quarter of a million for knocking off Georges again, and the way the business of heavyweight championing is at present, that's a nice little pick-up.

Minor Leagues Are After Ball Players
SAN FRANCISCO, April 27.—The market for baseball players, flooded not long ago, now appears to be light, as owners of the San Francisco club of the Pacific Coast league daily are receiving telegraphic requests for players. The requests come from Kansas City, Memphis and other points beyond the Rocky mountains and most of them are for infielders and pitchers.

California Names Athletic Managers
UNIVERSITY OF CALIFORNIA, April 27.—At the meeting of the executive committee last night the following managers of major sports were appointed for the coming year: Crew, O. H. Hunsdale; track, K. H. Krebs; baseball, H. J. March; tennis, J. S. Payne. Big "C" was awarded the managers of the college track and baseball teams, while numerals were awarded the freshmen in the same sports.

Offer Is Made For Carpentier Dempsey Bout

Champion Having a Large Time Seeing Sights of Europe.

PARIS, April 27.—(By The Associated Press)—Jack Dempsey this afternoon received an attractive offer from a group of prominent English sporting promoters to meet Georges Carpentier in a French championship in London some time in the summer, provided Carpentier defeats Ted "Kid" Lewis on May 11. Neither Dempsey nor Manager Kearns would discuss the terms of the offer, but Kearns said it involved an immense sum and that Dempsey would probably accept.

Dempsey had every confidence, he declared, that he would repeat his victory over Carpentier. He said that he would leave his training camp in London for the Dempsey-Carpentier bout on Saturday for Berlin, where he will remain four or five days. He may stop off at Cologne on his way back and give an exhibition for the American Rhineland troops. He will then proceed to London, where he will attend the Carpentier-Lewis fight, after which he will go to Manchester for an exhibition bout. He will give exhibitions also in Dublin, where he has the time and inclination, he will take in Italy and the southern countries.

The world's champion spent the last two days in sight-seeing, visiting the museums and art galleries and meeting many of the prominent Frenchmen.

Legion Teams Have a League Of Their Own

Contra Costa Ex-Service Men to Play Ball This Summer.

MARTINEZ, April 27.—That the Contra Costa County American Legion will have a baseball league for the season of 1922, was assured last evening at a meeting of the committee in charge of the league matter, and that it will be composed of teams representing practically every post in the county with the exception of Richmond and Danville was announced this morning by Dr. J. L. Beard, chairman of the committee. The schedule for the season was to have been completed last evening but on account of the uncertainty of the entry of Richmond and Danville, the matter was postponed. Richmond Post notified the committee that it could not enter a team and no word was received from Danville as to their intention. Antioch will send a team to play in the league and the schedule will be made up allowing for teams from Antioch, Crocker-Hartman, Walnut Creek, Danville and Antioch, with chances to be made as soon as it is ascertained for certain whether Richmond and Danville will come in.

The first game of the season will be played by Martinez and the Shell Oil Company team on the local and much interest is being shown in the game. The Shell team has defeated all challengers this season and have an unusually strong aggregation of ball tossers.

GOLF FACTS worth knowing

by INNIS BROWN

Copyright, 1922, Sol Metzger.

Q—If a ball lands in a cart wheelbarrow in the rough alongside the fairway, is the player required to play it from where it lies?

A—Not if such cart or wheelbarrow happens to be a part of the equipment of the greenkeeper in maintaining the course. The ball can be lifted and dropped not nearer the hole.

Q—Who has credit for the largest number of wins of the national amateur championship?

A—Jerome D. Travers with four victories in 1908, 1907, 1912 and 1913 is the leader. Walter J. Travis won the title three times, 1900, 1901 and 1902. No other player has ever won more than twice.

Q—If my opponent's ball accidentally rebounded from a tree, rock and hit me, do I lose the hole in match play?

A—Yes, You lose the hole if his ball strikes you regardless of whether on a rebound or otherwise.

Q—Please give the names of the championship courses in Great Britain.

A—There are only six courses in England and Scotland over which the British open and amateur championships are played, three in each. They are Hoylake, Duncraig, Sandwich in England, and St. Andrews, Prestwick and Muirfield in Scotland. This limitation does not apply in the British women's championship.

Q—What is the penalty where a player's ball hits the flag and drops into the green when otherwise it might have gone several yards beyond?

A—There is no penalty in match play, unless the player's caddy was standing at the hole, holding the flag, in which case the player loses the hole. In medal play, if the ball was played from twenty yards or less away, there is a penalty two strokes, otherwise no penalty, unless his caddy was holding the flag.

Q—If any golf rules puzzle you, write Innis Brown, care of our Sporting Department, enclosing stamped return envelope.

Andy Smith Speaks For Clean Athletics

UNIVERSITY OF CALIFORNIA, April 27.—At a meeting of the Big "C" society last night Andy Smith addressed the members with clean athletics as his topic. Andy stressed the point that while winning was the objective in every sport, that it was far more honorable to lose in a fair competition than to win by ever resorting to any questionable methods.

San Francisco Team Wins in Doubles Play

Bowling on Green Reaches Singles Play; McLaughlin Beats Maundrell.

The most interesting event of yesterday's play in the bowling on the green tournament, being played at Lakeside park this week, was the final match of the doubles. After their wonderful exhibition the previous day, Bell and Taft were strong favorites to win. But the strain of the match and they fell before the two veterans of the game, McLaughlin and Maundrell, who took three fouls in the early stages of the game. This proved the much of a handicap for the Lakesiders to overcome, the prizes going to the two San Francisco players.

The tournament is progressing rapidly and a number of the singles matches are played while others are scheduled for today, both at Lakeside and in San Francisco. The feature match of yesterday's play was that between Taft and Maundrell, McLaughlin and Maundrell.

The other results follow: McLaughlin defeated Maundrell, 21-13. Taft defeated Erick, 21-15. Clark defeated Dalmier, 21-20. Hamilton defeated Sider, 21-16. McDonald defeated Repworth, 21-13.

Proctor defeated Clark, 21-7. McLane defeated Earsman, 21-16. O'Connor defeated Toney, 21-18. McLane defeated Graham, 21-15. Allan defeated Bell, 21-19.

Federation to Take Charge of Amateur Sport

Will Not Antagonize the A. A. U.; To Handle Own Affairs.

WASHINGTON, April 27.—The National Amateur Athletic Federation had no intention of antagonizing the Amateur Athletic Union, Colonel Robert M. Thompson, president of the American Olympic Association, declared in a statement issued here yesterday after conference with the representatives of the army and navy, the national collegiate association, the Y. M. C. A. and other athletic bodies which recently combined to form the federation.

The growth of the country, the official introduction of athletics into the army and navy, the development of the Boy Scouts, the encouragement of industrial organizations of athletic sports among their employees and other activities, the federation added, have disclosed that there is a considerable section of the United States which has not been properly or adequately organized for amateur athletics.

It is the hope of the federation to take care of these sports. They recognize the necessity of having a representative Olympic association, and it is my hope that an agreement may be reached under which the several associations which form the federation will join the Olympic Association, thus assuring a hearty cooperation among all the governing bodies interested in athletics.

Frederick B. "Kid" Wedge, former prize fighter of Arizona, who came here last winter to enter the Harvard graduate school, making the trip in a box car, has abandoned his college course and returned to Berkeley, suffering from tuberculosis.

Wedge leaped into the limelight overnight by transforming himself, after having reached the age of 30 years from a prize fighter and lumberjack to a university graduate and teacher.

After successfully acting as a high school principal in Arizona he decided to enter Harvard in quest of a degree in philosophy.

Stanford Men Given Letters For Athletics

Track, Baseball and Tennis Men Are Awarded Their Letters.

STANFORD UNIVERSITY, April 27.—Fifteen members of the Stanford track team were awarded the "S" by the Stanford executive committee last night for winning points in the Stanford-California track meet last Saturday. They are Bill Black, Bill Constock, Charley Daley, Gene Davis, Elmer Elliott, Law, Polk, Phil, Tomlinson, Hartman, Orlo Hayes, Milt Howell, Van Judah, Morris Kirksey, Eddie Sudden, Art Wilcox and "Blink" Williamson. Marion Grohs received the manager's award.

Twenty members of the varsity baseball squad received their letters for participation in the Stanford-California game. They are: Roy Grever, Guy Draper, George Green, "Lody" Hookendorf, "Red" Mallot, Mitchell, Art Neff, Mel Parker, Claude Peavy, Ezra Kainer, "Doc" Wayman and "Bud" Woodward.

The manager's "S" was awarded Tom Tussing.

Stanford freshman baseball men who received the block numerals are: Aydelotte, Cuddebeck, Follans.

Mary K. Browne Loses Golf Title; Mrs. Roos Wins

No Other Upsets in the Southern California Tournament.

LOS ANGELES, April 27.—Miss Mary K. Browne, of Los Angeles, lost the Southern California Women's Golf championship yesterday when in the second round of match play in the annual tournament in which she was defending her title, she was defeated by Mrs. Robert Roos, of San Francisco, one up.

Other matches in the second round went as expected, Miss Helen Kavanaugh, Los Angeles, state champion, lost the first nine holes in 12 and was 7 up at the turn in her match with Mrs. P. S. Hardin, of the Los Angeles country club.

Mrs. J. R. Bingle, of the Pasadena Golf Club, defeated Mrs. Guy Cochran, 6 and 5, and Miss Margaret Cameron, Los Angeles, Northern California champion, defeated Dudley Epton, 2 and 1. Mrs. Fulton held Miss Cameron square in the fourteenth hole, but Miss Cameron won the sixteenth with a 3 and the seventeenth with a 4, ending the match.

Semi-finals will be played today, the first being between Mrs. Bingle and Mrs. Roos meeting Miss Cameron.

"Kid" Wedge Forced To Abandon Quest For An Education

Jack Merchant Is Certain of Going.

Several of the members of the California team are as good as named at the present writing. Leading the list will be Jack Merchant, the strong man of the Blue and Gold squad whose work in the field events is figured to give California considerable in the line of points.

With the list of names as an event in the competition Merchant looms up as a likely winner, his performance of 165 feet 7 inches during the season stamping him as the outstanding collegiate performer of the year. Last year 157 feet won the title, and Merchant's jump of 22 feet 10 1/2 to his credit, for which he has developed a broad jumper to replace Gordin of Harvard the California team has three men who can well place one.

Wedge leaped into the limelight overnight by transforming himself, after having reached the age of 30 years from a prize fighter and lumberjack to a university graduate and teacher.

CALIFORNIA DECIDES TO SEND TRACK TEAM TO I. C. A. A. A. MEET

Twelve Blue and Gold Athletes to Defend Title; Crew Abandons Plans to Go East.

By DOUG. MONTELL.

That California will be represented at the I. C. A. A. A. meet at the Harvard stadium on May 26 and 27 to defend the national intercollegiate track title, won by the Blue and Gold team of twelve men, a coach and a manager, to the 1922 meet, for honors by half a point, was definitely decided last night at a meeting of the executive committee when it was voted to send a team of twelve men, a coach and a manager, to the 1922 meet. It has been expected for some time that the Bears would go east to defend their title but since the Stanford meet there has been considerable speculation about the strength of the team which would represent the Berkeley institution in the national collegiate championships.

The action of the committee last night settled the plans definitely in favor of the trip, the only detail remaining to be worked out being that of the personnel of the Blue and Gold squad of twelve men and two, three in the event. Other field men who may figure would be Barker in the discus, Sorrenti in the javelin and Graham in the pole vault, if he has recovered.

Dorr Will Go to Run in Two-mile.

Among the track men certain of going is Charlie Dorr, the two-mile star, who is the best bet on the Coast for honors. Dorr took third last year in his first race in company in a race won with 9:22 and with a year's improvement figures to be a contender.

The Bears were strong in the mile, neither Pliske, Kitta nor Denton is an outstanding star in point of time, but in the mile Dorr can work one of them down to better than 4:25 in the coming three weeks the mile may not have the same importance as in the past.

An Anniversary to Be Remembered

Differences of an acute nature arose in a crap game on the Memphis wharf. The dispute had to do with the ownership of a five-dollar bill. For possession of it there were two claimants—a resident roustabout and a truculent-looking stranger from up St. Louis way.

The argument reached a crucial and critical stage. The right hand of the visiting nobleman stole slowly back toward his hip pocket.

"Nigger," he inquired softly of his enemy, "whut date is dis?"

"I ain't payin' no heed to dates," said the Memphis ducky. "Well, you better do so," said the stranger, "cause jest twelve months from today you'll abeen daid perzackly one yeah."

Every Man His Own Wife

HOW TO HANG PICTURES

There is no accomplishment of which woman are prouder than their ability to hang pictures. After the average woman gets a picture to agree to stay on the wall, she gazes upon it as lovingly and with as much admiration as if she had painted it. And yet what a hollow triumph it is. Any man could do it just as well, if not better, if he studied their method and followed it faithfully.

First you attach your wire to the back of the picture. Any length will do. You can always shorten it. Then back off from your wall and pick a good place for the nail.

Climb your ladder with the nail and try to remember where you wanted to put it. Look around for your hammer and then go back down the ladder for it. Climb your ladder again, hold the nail with your left hand, draw back your hammer and give yourself a smart rap on the thumb with it. Climb the ladder again and hunt for your nail. Climb up again with another nail and drive it in any place. Hang your picture on this nail. You will discover it is in the wrong place. Continue to drive nails until you are satisfied!

Pictures usually hang better if you drive your nail into something solid. You can find solid footing for your nail if you drive enough of them. By this time you will have eighteen or twenty nails sticking around in various places. Save the one you want and pull the others. You will notice the wall is full of holes. Don't be discouraged. Buy some chewing-gum and chew it until it is of the proper consistency and then plug the holes with it. Then tint to match walls. If your wall paper has a flowered design, you may paint little flowers to match on the gum.

Now you have your picture hung. It will probably fall down before you get out of the room, but there are always a few drawbacks to everything in this imperfect world.

BLUFF AND BLUSTER.

"Jimmy called me up the other day," said she. "Jim!" her escort exclaimed. "What did he have to say?" "Oh, nothing," said she. "Not in particular, anyhow."

And he was almost respectful to her for a few minutes, for Jimmy is a very good man, indeed—position, reputation, power, money—all these things have Jimmy.

I happen to know that the lady who didn't call the lady up at all. His secretary called her up, and asked her if she remembered the address of a certain woman she had met at a certain summer.

"The Chief wants to get into communication with her," said the secretary, and that's all there was to it.

How do I know? Oh, I just happened to be at the other end of the telephone and heard what the secretary said.

Do I know Jimmy, the rich, the powerful, the distinguished? Well, yes, a little—but I should never think of calling him Jimmy. Most people don't, when I come to think of it.

HOW CHEAP IT IS! The woman at the restaurant table never called him Jimmy in her life—to his face—and the man she was with would scarcely know him if he should see him in the street.

"Jim" and "Jimmy"—how cheap it is—how common, the trick of calling everybody you've ever heard of by some nickname.

I never knew anyone who amounted to anything who ever dreamed of such a thing. I wonder just how much fooled the man was in this conversation, and whether the woman really thinks the man knows "Jim" so fully.

How much do they fool each other, these people, who are always "bluffing"? Bluffing about friends they have and places they've been, and things they know about, and money they have in the bank and money they earn and letters they get and attentions that are showered upon them.

THEY KNOW AND WE KNOW. "So-and-so" cost \$5000 a year more than I'm getting, but I like it like the old shoe, and I think I'll stick around."

"Mrs. De Quincy—oh, I've known her for years—we were at school together, sweet woman, isn't she a bit faded now, don't you think?" And all the time, they know and we know that there isn't a word of truth in what they say.

What's it all for—what good does it do—who's any better off for all the brag and the bluster and pretense? Poor Jimmy—he's a lonesome sort of chap, really. People are all afraid of him, just because he is rich and powerful and distinguished.

He's a queer fellow—I don't believe anyone ever heard him call anybody he hardly knows by a pet name. I don't think he'd ever dream of doing such a thing.

Of course, he doesn't have to impress people with his wide acquaintance or his journeys around the world or his money in the bank. Jimmy—Jim—how do people like the man and the woman in the restaurant, who were so familiar with the name of one they scarcely knew, keep from bursting out laughing, right in each other's faces?

Should a Woman Tell?

Harriet Deyo Bartchelor.

Harriet Deyo Bartchelor, after battling with herself for several days, decides to marry Dana Merrill without telling him that she has once been in love with another man.

CHAPTER IV

An Unfortunate Revelation

I wonder why I never thought about the woman who might have been in Dana's life before he met me. Certainly I never realized how harshly he would judge a woman and how intolerant was his attitude until the day after our marriage, when we left New York to come to this little out-of-the-way place by the sea.

We had stayed at one of the big New York hotels overnight and the next morning, at breakfast, a man and a woman came in and took the table next to ours.

The man was very blonde and with wide, rather sleepy blue eyes. The woman with her was unattractively coarse. He was dressed in a suit of large checks, and after he had ordered from the menu, he opened a paper and proceeded to ignore the girl utterly.

She sat there with her elbows propped up on the table, looking wistfully about her. Suddenly her eyes happened to fall on Dana and a flush crept up into her cheeks. Dana had not seen her, but a moment later he glanced in her direction. His face hardened, and he bowed stiffly, turning hastily back to his paper.

I must have shown my surprise and interest, for he said quickly, "There's a woman who has wrecked her life."

"Tell me about her," I urged. "She used to be rather a nice girl till she met this fellow and was carried away by her infatuation for him. Of course her family was shocked and tried to take measures to prevent her seeing him, but she was determined to make a fool of herself and she ran away and married him."

"She seems very young," I murmured. "She is young, and I guess she realizes what she's done, now that it's too late." His voice was hard and relentless and his face was very stern. I had never before seen Dana sit in judgment on any woman, and it came to me with a little shock that I still had a great deal to learn about my husband.

PSYCHO-ANALYSIS

by ANDRE TRIDON

SYMBOLIZATION IN DREAMS.

THE symbolic representation of a human being or inanimate objects through symbols together with the processes of visualization and condensation I have previously described simply and clearly in a book which I have written.

We select one characteristic of some complicated object and use that one detail to represent the object. This is the way children select the characteristic of a watch which strikes them most, its ticking and at times the watch is a tick-tock, or call a dog a bow-wow.

This is inaccurate but picturesque. A patient whose mental condition was rather alarming at the time, saw himself in a dream transformed into a huge tower in which slender birds were flitting about. The slang expression "bats in the belfry" came to my mind at once. Think how symbolic it is. The complicated dream image is replaced by an architectural detail much simpler in character, occupying the place which the head occupies in the human organism. Then instead of describing ideas, (All Rights Reserved. Reproduction Prohibited.)

Listen, World!

Why SHOULDN'T MAN BE PLACED UPON A PEDESTAL?

THEY've erected a statue to this Virtue and made it a MAN. For with the female nine countrywide breaks into sharp yelps of anguish. A Man Virtue! Whoever heard of such a thing!

Why not a Man? Wherever this idea that only women should occupy pedestals? It's an old idea. I grant you, and one which is firmly rooted in the heads of nine out of ten women. Ruddy cheeks, it is this—women think they are better than men. They think they're born that way—that there's something about being a woman which automatically makes them of finer ethical caliber than men. I admit that man is stronger or more courageous, wiser, but God—God—I should say not!

Now, I'm a woman and I'm just as keen on placing halos on my knees as the next man. But I simply can't stomach this better-than-man theory. It's too silly.

I believe that the sexes start at equal distances from the "Pearly Throne" and that it is a good long sprint for either one. There's just as much Old Eve in man as there is Old Adam in man, and it makes an equally potent home brew. This idea that men are innately coarser than women really is a relic of the past. The modern woman is a lot more like the modern man than she is like the old woman.

It is a noble principle that influences a man with a job to give some of his wages to one without a job. It is a noble principle that influences a man with a job to give some of his wages to one without a job. Uncle Wiggily

There stood Grandfather Goosey Gander

Once upon a time as Uncle Wiggily was coming downstairs in his hollow stump limping, the bunny gentleman, Mr. Wiggily, was talking out in the kitchen. And the muskrat lady house-keeper was saying in a most sad and doleful voice:

"Oh, dear, I must do it! I never can do it. I'm sure I can't have happened!" thought Uncle Wiggily, as he twinkled his pink nose. "It seems like I've been here for a long time, but I don't know the morning before breakfast."

"Miss Goosey," he called to her, "I've been here for a long time, but I don't know the morning before breakfast."

"Well, what is it you can't do?" went on Uncle Wiggily. "I can't scrub the kitchen floor, I can't wash the dishes, I can't have the pail of water, the cake of soap, the scrubbing brush and the cloths to dry the floor after a scrubbing. But I don't know the morning before breakfast."

A WITCHES' & PIRATES' STORY

by MYRTLE FLOSSIE VERTU

MYRTLE FLOSSIE VERTU, Knightbridge, California. (12 Years.)

A WITCH'S LIFE WITH A PIRATE.

Once upon a time there lived an old witch. She lived in a cave in the darkest corner of the woods. Now this old witch married a pirate. At first they lived in peace and happiness. But one day his wife was cooking dinner and her husband came in and said, "I'm going to the council of the pirates. I have business I must tend to. So I will give you the keys to the different doors and closets. Here is the key for the treasure chest and here is the key for the door that goes to the attic, and here is the key for the blue closet. You must not use this latter key for if you do there will be trouble between you and me. You may have all the friends you wish, but you must not use the key to the Blue Closet, no matter how you are tempted."

So she said she would not. So he went to the council of the pirates. While he was gone she had all the friends and friends and friends she had and she was so tempted to the Blue Closet that she felt that she must go. So she took the key and went to the gallery where the Blue Closet was. She unlocked the door.

At first she could not see, but

ATRACTIVE RECIPES

by Abe Martin

Strawberry Jelly. Wash and hull four quarts of firm, sweet berries. Put them in a preserve kettle, mash down with a spoon, and warm them until they are soft. Then put them in a jelly bag to strain. To each pint of strained berries add three-quarters of a pint of granulated sugar. Warm until the sugar is melted. When the syrup reaches the boiling point begin to skim carefully. The jelly should be boiled in twenty minutes. But the atmospheric condition may make some difference, so it should be frequently tested on a cold plate. A bright, sunny day is always best for jelly-making. When done, pour the warm glasses and let stand uncovered until the jam begins to thicken. Try a little of the juice on a cold plate. If it jells sufficiently to cling to the finger the jam may be set to cool for a few minutes. Then fill the warm jam pots or glasses. When cold, set cover the tops with paraffin and store in a cool, dry place.

Strawberry Jam. Wash and hull four quarts of perfect, sweet berries. Put them in the preserve kettle with two quarts and a pint of sugar. Melt slowly and when they begin to cook stir deeply with a wooden spoon and skim the top carefully. Warm until the jam begins to thicken. Try a little of the juice on a cold plate. If it jells sufficiently to cling to the finger the jam may be set to cool for a few minutes. Then fill the warm jam pots or glasses. When cold, set cover the tops with paraffin and store in a cool, dry place.

Whoever prosperity's parked it must be covered with stickers. We don't know who fixes the price on wheat or hogs, but we would like to see the fellow personally who fixes the rate for the farmer charges for pulling a car out of the mud.

BUSINESS AND FINANCE

Overnight developments contained little of importance affecting the New York stock exchange and prices continued to show heaviness.

Slight declines in car loadings were offset by demands that any drastic cuts in freight rates were in prospect and the rails showed a better tone than yesterday.

Stocks in general steadied at the close of the first hour on the New York stock exchange. Mexican Petroleum rallied 1 1/2 points to 47 1/2, early low, getting back above 47, and Steel common to 28 1/2.

The Wall Street Journal said that the banks are taking advantage of abundant money supply to market further large offerings of the next two weeks, including the Grand American issues. Many traders are refraining from taking a short position on the theory that no severe reaction will be permitted.

The trading quieted down in the early hour and the general list showed a better tone than in the early dealings. American Radiator rose to a new high for the year at 46 1/2, Pacific Telephone heavy and reached a new high for the year at 14 1/2; Gulf States Steel rallied nearly 1/2 point to 22 1/2.

The Curb market showed substantial firmness. Todd Shipbuilding dropped from 6 1/2 to 6 1/4, around 6 1/4, but later rallied to 6 1/2, and 12. Philip Morris was firm, yielding only 1/4 to 1 1/4, and then had a slight rise to 1 1/2.

The consolidated balance sheet of December 31, shows total assets of \$24,423,000. The physical properties of the company are valued at \$12,550,000. Investments and advances to affiliated companies aggregate \$10,873,000; cash in banks, \$1,000,000; and other assets, \$1,000,000.

It is interesting to note that your company earned \$10,000,000 before interest and depreciation during 1921. Notwithstanding the fact that the most disastrous years in industrial history your corporation is in a stronger position than ever.

"Since the semi-annual statement issued September 30, 1921, development of the company's business has brought to an issue which should have a beneficial effect upon the financial position of the company. The success of the company's investment in the oil business has been a factor in the consolidation of the company's assets and the consolidation of the company's liabilities.

It is the intention of the bank to install branches in the Diamond and Franklin sections of Oakland and in Modesto. There are already branches in Berkeley and in West Oakland.

The bank, under its new name, will still retain its original affiliation with the First National Bank of Southern California.

The income account of the Southern California Gas Company for the twelve months ended March 31, 1922, made public by Cyrus Peirce & Company, shows gross earnings for the year of \$1,335,800.

At the same time, operating expenses, taxes, etc., increased only about \$20,000 and the decrease in interest on bonds was less than 10 percent to 7.16 percent, shows a healthy record of management.

REDEMPTION OF HIGH INTEREST BONDS APPROVED. Declaring that redemption of high interest bonds is of benefit to the company, the board of directors of the Great Western Power Company has approved the plan of the company to redeem the bonds.

The application follows the action of the stockholders, who on April 19 approved the increase of the authorized bonds from \$500,000 to \$600,000 and the increase of the exchange rate from \$50,000,000 to \$100,000,000.

The commission thereafter authorized the company to issue and sell for cash at least 100 shares of \$50,000 par value of 6 percent cumulative preferred stock and to apply the proceeds of the sale to the redemption of the bonds.

The stock, according to the company, will not be used to meet its financial needs and the bond issue is desired to supply the remaining funds necessary to refund outstanding obligations and to provide for extensions and additions of \$25,000,000 planned for the current year. These improvements are apportioned as follows: Washington, \$20,000,000; Oregon, \$3,000,000; California, \$1,000,000, and

to make an order directing the Southern Pacific Company to charge just, reasonable and sufficient rates. The Southern Pacific Company has refused to do so and the company is now taking legal action to force the issue.

U. S. CONTROL OF
RADIO PHONES IS
URGED BY HOOVERRecommendations Would
Make Secretary Supreme
Chief of "Ether Cops."

WASHINGTON, April 27.—Recommendations providing for virtual federal control of all wireless telephones in the country were presented to Secretary of Commerce Hoover today.

The recommendations which are to be submitted to Congress provide for distribution of wave lengths, creation of a supervision board of twelve men under Secretary Hoover, and full government authority over government radio phones.

They are the final recommendations of the government radio conference, held here several weeks ago to devise ways and means of regulating wireless traffic.

The plan makes Secretary Hoover supreme chief of "ether cops," with full authority to govern the development of the wireless phone as he sees fit.

WAVE LENGTHS ALLOCATED.
The general allocation of wave lengths is provided:

Trans-oceanic service, 6000 meters.
Fixed radio telephony, non-exclusive, 3200.

Mobile service, non-exclusive, 2650.

Government broadcasting, 2050. Aircraft, 1550.

City and state public safety broadcasting, exclusive, 235.

Amateur, 275.

When trans-oceanic service is begun, the secretary of commerce will be empowered to communicate with other nations in an effort to set the wave length between 5000 and 6000 meters to avoid interference.

Present regulations regarding experimental stations are to remain in effect at 360 meters. The reason the amateur wave length was set low was because "it was felt waves longer than 275 meters should be reserved for the needs of broadcasting services greatly desired by a large proportion of the public," the report stated.

AVERAGES FIXED.
In distributing power provisions, the conference set the following average values:

Government broadcasting stations, 600 (land) miles.

Public broadcasting stations, 250 miles.

Private and toll broadcasting stations, 50 miles.

The report also contained the same provisions regarding government of amateurs as the preliminary provisions. It "established the status of the amateur by law" and recommended that the radio inspectors be appointed for various districts throughout the country to control amateurs. The inspector himself will be an amateur who would work without remuneration.

Patriotic Services
Will Be Broadcast

Permission to use the air from 4 to 6 o'clock next Sunday afternoon on a 300-meter wave length has been granted the University of California Radio Club. Club members are installing a radio transmitter set in the Greek theater and will attempt to broadcast the Americanism Day services to be held at the theater Sunday afternoon under the direction of the Berkeley post of the American Legion.

The broadcasting station is being installed on the stage of the Greek theater and will be known temporarily as 6XN.

Members of American Legion posts in other bay cities have been invited to listen in on Governor William D. Stephens' speech and the special concert which will be given by the 19th Infantry band from the Presidio. The Americanism Day exercises will be free to the general public.

ANSWERS TO
QUESTIONS

Radio Editor, TRIBUNE—I am a member of your radio club and would like to ask you a few questions:

1. Who is K. Y. Z.?

2. When are you going to print a new list of the broadcasting stations on your radio page?

3. How much of No. 29 enameled wire will it take to wind a coil six inches long, four inches in diameter, leaving a half inch on each end?

4. Why don't your station, K. Y. Z. M., give the batteries and the hits and errors as well as the runs in broadcasting the results of the baseball games?

5. What power does the Presidio use at present?

6. IVERSEN, 160 John st.

1. Unlisted.

2. Sunday.

3. About 125 feet.

4. Because there is not sufficient time allotted for this detail.

5. Five watts.

Radio Editor, TRIBUNE—Please answer the following questions:

1. Do some commercial stations send on 360 meters? If not, what is the closest to 360 meters they do send on?

2. Does K. Y. Z. send on 360 meters? If not, what does he send on?

2121 East 25th street, Oakland.

1. No; commercial stations send on 360, 425 and 600 meters.

2. 360 meters.

Radio Editor, TRIBUNE—Please answer the following questions:

1. Are the primary and the secondary wound in the same direction?

2. Does it make any difference if a variometer has less than 100 turns on the primary and less than 60 on the secondary?

3. No; you can make less turns if you wish.

Radio Editor, TRIBUNE—I would like to ask you the following questions:

1. Which of the following tuners would be the best for a G. E. detector tube with a Remler control panel and Murdoch 3000-ohm phones, with a 4-wire aerial 50 feet long and 40 feet high, loose coupler and variometer or loose coupler and variable condenser?

2. How is a variometer connected to a loose coupler?

3. Could a variometer be connected to a loose coupler and if so, how?

4. Does the tuner have anything to do with increasing the distance a radio can receive?

5. If a better tuner is connected, can the station receive from a greater distance?

157 Matheson st., Hillsburg.

1. Loose coupler and variable condenser.

2. A variometer when used with a loose coupler is best connected in series with the plate circuit.

3. Yes; connect in series with grid and one in plate circuit.

4. Yes.

5. Yes.

Radio Editor, TRIBUNE—Kindly answer the following questions:

1. How far should I be able to hear on my crystal set, consisting of an aerial 135 feet long and 35 feet high, a variometer, fixed condenser, silicon detector and Brandes 3000-ohm navy-type receivers?

2. Why is it that I hear all the bay broadcasting stations, including Los Altos, but not Warner Brothers and Claremont Hotel?

3. How many turns should I wind on each spider-web coil that I could tune up to 360 meters? What size wire do I use?

4. How many spider webs should I use to get the concerts around here?

5. If I got a variable condenser (45 plates), where should I hook it up?

BERNARD REYNOLDS, 2045 San Antonio ave., Alameda.

1. Music 20 to 30 miles. Telegraph, possibly, 300 miles.

2. We cannot say unless you do not listen in on their schedules. They operate on the same wave length as the others.

3. If two coils, wind one with 35 turns of No. 20-DCG wire and one with 50 turns of same size wire.

4. The number will depend upon what hook-up you use. If three coils, use one 35 turn for primary, one 50 turn for secondary and one 75 turn for tickler. If you use a two-coil hook-up, leave off the 75 coil.

5. In series with the antenna.

Radio Editor, TRIBUNE—(1) Which is the best, a loop aerial or a four-wire straight aerial?

2. Can a variable condenser be

used with The TRIBUNE crystal set?

3. Which would you prefer, a one-wire aerial 50 feet high and 175 feet long, or a four-wire aerial 50 feet high and 50 feet long?

4. Is it possible to transmit by telephone with a receiving set?

5. What are the following stations located: WEA, WVZ, WXA, WZZ?

6. What is a good kind of antenna to use for the receiving of music?

7. How big an aerial would I need to receive music 30 miles and code 300 miles at night with The TRIBUNE crystal set?

LISTENERS-IN TO
HEAR QUARTET ON
WIRELESS PHONESpecial Program Is Arranged
For Members of
Tribune Club.

Another treat awaits the radio fans when The TRIBUNE goes on the air tomorrow evening from 8:15 to 9 o'clock for its Friday evening concert.

The Lyric Quartet from the new Franklin theater, which sang for the radio fans last Tuesday evening, has been recalled. They are going to sing by the request of many listeners-in, in addition to the Lyric Quartet, Miss Madeline Stross of Alameda, who is also appearing at the Franklin, will sing. Because of the popular demand, it is possible that Robert Carlson will journey back to Oakland.

There will be other features, complete announcement of which will be made tomorrow.

The more experienced amateur radio operator you are, and particularly the more frequently you use your set in the parlor where polished floors and expensive furniture abound, the closer you should keep a bottle of diluted ammonia solution and an old cloth.

This is particularly so if you use a storage battery that has a wooden case, since acid is practically certain to be splashed over the sides and seep into the case or run down upon the table or floor. Under such circumstances a quick application of ammonia or baking soda solution will neutralize the acid and prevent staining upon the woodwork.

If you have a telephone, and a telephone receiver, watch the latter very close. It is reported that since radio fans have been unable to buy telephone receivers that a great many are going to receive special attention from federal radio inspectors. A plan of rural radio helps is being worked out that will be applied this summer. Radio fans will be kept better informed in the new art.

Wireless has made American farmers the best informed of the world. The first broadcasted marriage report was broadcast by the Department of Agriculture less than a year ago. Now almost every agricultural community receives market reports, weather forecasts, atmospheric conditions and news several times a day. With an equal increase during the current year a great result will have been accomplished.

NEW APPROPRIATION.

The government is now behind the amateur. The new appropriation, effective July 1, increases the radio division's spending money to \$130,000. For the last fiscal year, it was \$30,000. This means that the amateur is going to receive special attention from federal radio inspectors. A plan of rural radio helps is being worked out that will be applied this summer.
